the connections with memories that continue to touch her heart. Her delightfully written recipes and party ideas introduce readers to Lisa as she weaves her passion for all things 'tea' into inspiring and uplifting occasions with family and friends. My favorite party idea is the 'Under the Table' tea party, which anyone can host as long as they have a table. I can't wait to plan one for my new granddaughter."The photography throughout the book makes the parties and recipes pop with color; they are so appetizing that I want to eat the pages. "I want to share with tea lovers, and would-be tea lovers, that entertaining with tea is easy and not just for girls! Being a foodie as well as a tea specialist, cooking with tea was a perfect way for me to combine my two loves. Tea with a Twist was written to make entertaining with tea fun, affordable, and perfect for anytime of the day. Happy sipping!"

Although the pictures are great. This is not what I thought it was. It is about planning big parties. Also my book was in a worse condition then stated. Shipping was fast though.

This book has it all. It has recipes of foods to eat with tea and recipes that need tea to complete the recipe! As a tea lover myself, I am so happy I bought this book for another tea lover because no we

can have fun tea parties and use all the recipes in this book.

Purchased this as a gift for my dad's tea loving girlfriend. I live across the country, and was unable to be there when she received it, but from what I hear, it's a hit! So much so, that my mom is borrowing it, to copy recipes!

My daughter loved it! ...birthday gift. Intriguing presentations and recipies. Not for the meat and potatoes types to be sure. Her husband rolled his eyes :)

It is an excellent book, well written & well illustrated with GREAT content. I also have Lisa Boalt Richardson's other book.

When you think everything about tea has already been written, along comes a book that puts a whole new twist on the subject. Excellent from start to finish, the great recipes and stunning photography made me head straight to the kitchen to make Tea Sangria - a perfect summer beverage! I plan to try Smokey Tea First Down Barbeque for Saturday dinner and Masala Chai Scones for Sunday Brunch. Everyone should buy two copies - one to cook with and one to give as a fabulous gift for any tea enthusiast.

This has to be one of the prettiest books I have been given! Every photograph is perfect. The ideas for themed teas are easy to do and the recipes are easy to understand and create. After reading the book I went to her blog and it was Tea Nirvana!! This is one that will stay on my shelf!
