Undertale: Surviving The Underground

Synopsis

Hello human, and welcome to the world of Undertale! This is an action packed adventure book set in the world of Undertale, where you, the reader, decide what actions to take to survive the underground. Humans are not a common occurrence in the underground - not ones that are alive, anyway. So, as you will see, you being here will be quite a treat for all of the monsters. While some of the monsters will love your company in their quaint little world, there are others that may not take too kindly to seeing you. The royal guard will see you don't live long if they catch you. You'll be faced with countless trials and tasks in the Underground, and just like in the human world, you'll have choices to make when you face these trials. Do you run, or do you fight? Do you hide in a closet, or do you eat the cheese that you found in your coat pocket from last year?

Customer Reviews

This is another wonderful work of literature that I wish I had read when I was a child but, alas, I suppose I shall have to make do with appreciating its worth as an adult. My kids love it! It's a really original work, very different, and the your kids will be very involved with the flow of the story in the book. Give it a shot, your kids will love it.

This book is jam packed with an adventure that talks about the world of undertale. Surviving the Underground requires enough strength in facing such demons or fighting such monsters in our life.

I just love this book!

Nice book it's really good it describes really well.

My son is an undertale fan and absolutely loves the book.

I got this book from my sister Anna ! I suggest me to read this !Trust me it's a great book ! It's help to SURVIVE THE UNDER GROUND !

My son wanted this book, and I took it. But I must to admit that I don't understand this book, but my child is delight! He learned how to survive in the underground, but for me it's fun to watch his excitement when he reads this book. :)

It was awesome I really liked the flower part with flowey I liked this book because it was a understanding book THANK YOU!
