Kim Kardashian West: Selfish

Synopsis

The newly updated book dedicated to the selfie photography of Kim Kardashian, featuring sixty-four new pages of the latest snaps of Kim's children, her immediate family, and some of the world's most prominent figures. From her early beginnings as a wardrobe stylist, Kim Kardashian has catapulted herself into becoming one of the most recognizable celebrities in Hollywood. Hailed by many (including Givenchy designer Riccardo Tisci) as the modern-day Marilyn Monroe, Kim has become a true American icon. With her curvaceous style, successful reality TV show *Keeping Up with the Kardashians*, DASH clothing store, makeup and perfume lines, and workout DVDs, she has acquired a massive fan following in the multi-millions. Through Instagram, Twitter, and Facebook, Kim connects with her legions of fans on a daily basis, sharing details of her life with her selfie photography. Widely regarded as a trailblazer of the selfie movement—a self-portrait for the digital age—Kim has mastered the art of taking flattering and highly personal photos of herself. This updated volume presents 64 new pages of some of Kim's favorite selfies—from her favorite throwback images and current ultra-sexy glam shots to newly snapped selfies with Serena Williams, Hillary Clinton, and President Barack Obama—Selfish provides readers with a behind-the-scenes look into this larger-than-life star. This revised and expanded edition features previously unpublished images of her children and immediate family.

"[T]he selfie goddess announced that she will soon bless fans with a revised and updated version of

her aptly titled bestseller, *Selfish*, the 448-page coffee table book of several previously-unseen photographs. "USA Today" "The first lady of #fame" "the 100 Most Influential People" "Time Magazine" Kim Kardashian already broke the internet. Now she's poised to break the best-seller lists. . . . It's easy to mock - indeed, the title almost does it for you - but this seemingly throw-away collection may end up being just as much a part of pop-art history as when Andy Warhol painted soup cans." -Daily News "Kim Kardashian is the queen of selfies, and she's planning to make sure everyone knows it in her upcoming book, *Selfish*." -MTV News "Now there's a book cover if we've ever seen one! . . . this book is obviously made for her biggest fans. Not to mention it includes previously unseen selfies!" -USA Today "Kim Kardashian can take a selfie anywhere, and we mean anywhere!" -E! News "In her new coffee-table book, *Selfish*, the reality star documents nine years of her life in selfies - some seen by millions, others revealed for the first time." -Harper's Bazaar "Now you can get between the covers with her hardcovers, that is. With more than 400 pages of intimate snaps (including bikini selfies, lingerie selfies and, yes, several nude selfies), flipping through her new photo book *Selfish*, published by art-house giant Rizzoli, feels like scrolling through a fabulously rich and beautiful friend's well-curated smartphone." -Playboy Magazine "As they say, you have to love yourself first! After months of anticipation (and just a touch of eye-rolling), Kim Kardashian's selfie-filled coffee table book, aptly entitled *Kim Kardashian's Selfish*, [has] finally arrive[d]." -US Weekly "Kim Kardashian has joined the ranks of Giacometti, da Vinci, Lichtenstein, O'Keeffe, and just about every other revered artist of any era: she, too, now has a Rizzoli-published book devoted to her work at the forefront of an artistic movement. Indeed, Rizzoli notes that she's widely regarded as a trailblazer of the selfie movement." -Flavorwire.com "Treat your coffee table to a 300-page collection of Kim's best selfies . . ." -People Magazine "[Kim K's] the queen of the selfie. And her soon-to-be released hardcover book . . . should be all the evidence she'll need to maintain that throne." -CR Fashion Book "Attention all Kim Kardashian fans - here's the E! star as you've never seen her before! . . . aptly dubbed *Selfish* . . . [the images] definitely don't disappoint." -E! Online "As it stands, Kim Kardashian West holds the title for most Instagram followers (at 30 million) just behind the platform's own account (at 60 million). An average Kim K selfie garners upwards of 650,000 likes with her wedding photo receiving 2.5 million likes. With all that in mind, there's no question that Kim's controversial new book, *Selfie*, is going to fly off the shelves." "V Magazine" "From her favorite throwback images to current ultra-sexy glam shots, *Selfish* will provide readers with a behind-the-scenes look into Kardashian's life." "In Style Magazine" "The new take on selfie lit will feature 64 more pages and more than 120 new pics. .

."Â â "New York Daily News"The photography book got a new title too as the latest edition is calledÂ Selfish: More Me!Â Classic, Kim."Â â "PerezHilton.com

A new mom to her daughter, North, and happily married to the rapper Kanye West, Kim Kardashian WestÂ is on top of the world, and this collection of hand-picked images from her personal archive is a tribute to her fans who have supported her through her very highly publicized journey.

Very small and the cover image is grainy. I guess that's exactly what I should expect from a selfie though....

Ã Â Â'Â•Ã Â Â'Â•Ã Â Â'Â•Ã Â Â'Â•

It's a fun coffee table book. I don't think it was to be taken to seriously so it's kind of just like a fun thing to have if you are a Kim Kardashian fan.

Ordered this book for a friend's birthday present. Came in just in time and great price for this book!

Just phenomenal! Perfect add ons & another addition to my collection. #WeLoveYouKim foreverÃ Â Â^Â—

The book was broken on the seems and looked like it was dropped on the edges and the pages had something sticky on them.
