A Patriot's History Of The United States, Updated Edition: From Columbus's Great Discovery To America's Age Of Entitlement

Synopsis

Here is the revised and updated 10th anniversary edition of the number-one New York Times best seller. Over the past decade, *A Patriot's History of the United States* has become the definitive conservative history of our country, correcting the biases of historians and other intellectuals who downplay the greatness of America's patriots. Professors Schweikart and Allen have now revised, updated, and expanded their book, which covers America's long history with an appreciation for the values that made this nation uniquely successful.
