Brooke is engaged to marry the man of her dreams, but when he leaves her standing on the pitcher's plate to throw the first ball of the season, the other man of her dreams (her childhood dreams) shows up to catch, and causes her first niggings of doubt. This cute romance with Brooke and Dane is a book about second chances, redemption, trust and forgiveness. It has mystery, suspense, lots of baseball trivia and court action. This author always gives me characters I love, and Brooke and Dane were no different. I loved Brooke's vulnerability, and I loved Dane's need for salvation from his crime-ridden pedigree. He's trying to break out of a negative mold that others naturally have cast him in due to genetics so he can be worthy of Brooke, who has always seen him for the great guy he is. But until he realizes he's a great guy, he'll never be worthy of her. Awesome book. Will keep you turning pages quickly.

I loved this sweet romance that linked several things I love: coming home again, lost loves renewed, and baseball! The chemistry between Brooke and Dane is unstoppable (I nearly burst during the scene in church) and I finished the book feeling like happily ever after does exist--well, maybe not for the Cubs.

Dane and Brooke were the perfect couple. I really loved their interactions. The book had a few editing problems but it was fairly well written.

In a world where most things do not go as planned, it's delightful to sit down and enjoy a book with

confidence it will end well, while still having some unpredictable parts. This is one of my favorite Griffith books.

Entertaining, humorous, some suspense and enough electricity to keep it interesting yet clean. I would recommend this book to others.

Super great escape!! Loved the characters and their chemistry!! Jennifer's book did not disappoint!! Love this book and the series...

Brooke has always had a crush on her brother's best friend, but he's always been off-limits. When Dane steps in for her missing boyfriend at a charity event, sparks FLY right off the pages. And a scandalous kiss right in church doesn't help the gossip. I hate bullies and Brooke has to deal with a big one when she's named in a stranger's will. I cannot believe the lengths some people will go to in order to get their way. At the risk of his career, Dane once again comes to the rescue--this time as her lawyer. There are so many little threads to this story, but baseball and Little League is a central one that really ties the story together. I love what Dane is willing to go through to earn Brooke's trust, especially because of the events of her recent past. Together, they are able to navigate a dangerous and confusing legal threat, all while learning to recognize their true desires and feelings. I really loved the characters, as well as the setting and plot. But the sparks? Holy swoon!! Those fun moments of chemistry were definitely my favorites. Content: mild romance (kissing, cheating); very mild religious elements. *I received a copy through the author, which didn't influence my opinion. All thoughts are my own.*

Brooke Chadwick has been in love with her brother's best friend for a long time. Dane Rockwell was incorporated into her family as his own family was mostly in jail. Brooke's seen some heartache that Dane helped her through, but he never seems to see her as anything but his friend's little sister. She doesn't realize that Dane has always wanted her, but was warned off by her brother. Now Dane is a lawyer and Brooke needs legal help if she wants to fulfill her aunt's dream of a baseball museum housing memorabilia collected by her father. Will Dane's legal aid become anything more? This is a cute story. Brooke and Dane balance each other in their personalities so they make a good pairing. There's a lot of baseball history in here also if you like that (I do). It's a sweet romance and well worth reading.
