Customer Reviews

"Right here in Maine, artist Becky Chase has created a Maine-themed adult coloring book, so locals and visitors alike can color to their heart's content and express some between-the-lines affection for the Pine Tree State. [She] included some of Maine's most iconic landmarks, symbols and sea life. The Victoria Mansion is there, along with moose and blueberries and Pemaquid Point Light and puffins and the State of Maine Seal. Locals will recognize familiar places and visitors will have a Maine souvenir they can put their own stamp on." - Shannon

Bryan, Mainetoday.com "Downeast Daydream can deliver sweet respite from the childish antics of certain campaigners, not to mention the relentless barrage of bad news and nonsense inherent to 21st-century life. Chase's affinity for the coast is apparent in Downeast Daydream, with its many line drawings of lighthouses, seashells, buoys, and wharfs. They'll keep you busy long enough to awaken the child within." - Virginia M. Wright, Down East Magazine (January 2016)

Becky Chase is an illustrator born and raised in Portland, Maine. She specializes in architectural and historical line drawing.

I purchased three copies, expecting to put them in my present box to be used when I need to come up with a children's gift. They will be great for that, but even better will they be for adults. The book reminds me that of zen tangles. There are intricate designs that are asking for focus and concentration. Nothing could be better to take one's attention from the pressures of the every day world and permit you to lose yourself in the designs that evoke the beauty of Maine. This is not your typical children's coloring book.

What a delightful book. I have viewed many coloring books, but have not seen others that featured the many distinctive designs that applied to one part of the country. Not only fun for children - but, I have found it to be a great gift for adults. Nancy Chase

This is a book for all ages. Anyone who has enjoyed a visit to Maine, as we have, will treasure the varied images of land and sea, everything from lighthouses to hiking boots! Ordinarily I am not a fan of coloring books, but this one is more than a fill-in-the-space book. You will want to frame some of the pages when you are through.

Hey we just got our copy of Downeast Daydream. It is perfect! I'm super excited to give this to our daughter so she can fill in these iconic Maine images. Thanks for putting out this great collection of drawings.

I purchased two of Rebecca Chase's coloring books and I found them to be most charming and beautifully drawn. Her selection of drawings to represent Maine was so perfect. As a summer resident of Maine for the past 40 years, I found these books to be delightful gifts for not only children, but adults as well.

What a beautiful book! Hand drawn pictures showcasing our beautiful state of Maine, in a trendy adult coloring book. I love the depictions of our rocky coastline, famous moose inhabitants, and lobster heritage. This book makes a great gift for yourself, a friend or family member living away, or anyone in love with our state.

A relaxing and fun way to revisit Maine.

An instant family favorite, and I look forward to seeing more from this artist in the future. Each page is unique and provides something for everyone in the family. Not too girly and not too masculine. Perfection.
