The Gardener's Garden

Synopsis

The ultimate garden book – both a collection of gardens from around the world and a resource for those seeking inspiration on garden design and planting. Featuring over 250 permanent gardens by leading garden designers, horticulturalists and landscape architects, from the 14th century to the present day, and covering all key types and styles of garden, this well-illustrated compendium combines images, text, key information and captions for each of the featured gardens, appealing to both amateur and professional gardeners, as well as garden designers.

Customer Reviews

"The Gardener's Garden is a sprawling worldwide compendium of more than 250 great gardens. This is smorgasbord of a book, a platter offering delights to tease the palate." – The New York Times Book Review
"The lush foliage captured here is anything but garden-variety." – Entertainment Weekly
"Comprehensive and informative – not to mention gorgeous!" – Martha Stewart Living
"The ultimate inspiration for anyone with a green thumb." – Town & Country
"Passionate gardeners will want to read and reread... it's a big investment, but one will pay off with years of pleasure" – New York Journal of Books
"Many publications have claimed to be the ultimate garden book. This new global survey of gardens may have actually achieved that distinction." – Garden Design
"This monster book features a dizzying range of garden styles and designs. It is virtually eight pounds of horticultural caviar, an embarrass de richesses." – The Garden Conservancy
"Weighty and wonderful, this lavishly illustrated new book will make a

handsome gift for the dedicated gardener in your life (or for yourself)." â “ The American Gardener, the magazine of The American Horticultural Society"Sumptuous." â “ Daily Telegraph"Horticultural eye candy." â “ Globe & Mail"The book features profiles of 250 breathtaking gardens from around the world, some of them developed as long as 600 years ago, others far more modern."â “Chronical Herald"

Conceived and edited by Phaidon Editors

Through out last fall reviews on this book were in many major publications ... Non of those prepared me for the depth and breath of this garden Tome!Recommend for anyone in design, gardening or landscaping. It is perfect for the coffee table for casual perusing. Even after a month of many hours spent looking and reading, surprises and discoveries are still found every time I sit with this book.

It's really a lovely book. It was expensive, but much cheaper than if purchased at the retailer listed in the magazine I saw it in. Basically a picture record of the world's most beautiful gardens.

Sumptuous from cover to the wealth of photos and information on some of the most beautiful gardens (of all types) throughout the world. MCox knows his stuff! Well done.

Beautiful book I almost paid \$80 for while on vacation. Good thing I waited (due to the weight and size of the book). Found it on for much less. If you love seeing beautiful gardens around the world, this is for you and your coffee table!

Super inspiring and beautifully done.

Makes me want more land to expand my gardens.

Beautiful book!

wonderful
