Personal Delivery (Billionaire Secrets Book 1)

Synopsis

She has a crush on the delivery guy. He has a billion-dollar secret. I recognize the sound of his truck turning off in front of my building. Not only do I recognize it, but my pulse picks up and I get all hot and bothered. Then I hear the low growl cutting out, followed by the clank of metal as he pulls up the back door to grab my package. Grab my package? That sounds so dirty. Which is probably appropriate given some of the fantasies I've had about him. My obsession with the new, mysterious delivery driver is crazy. Intense. Distracting. The last thing I need is to be crushing on a six-foot-something distraction with a dirty grin. But my friends have other plans. First in a sexy new rom com series! The second book in this series is currently available in the Love in Transit anthology.

Customer Reviews

I first read "Personal Delivery" in its unedited serial version, directly from the author to her newsletter followers. It was VERY good, as are all of her stories. I appreciate the characters Ainsley Booth develops. You can really hear their individual voices and feel their emotions. The unedited serial made for weekly anticipation of what would happen next. It was a joy to open those emails. AND, the story was so good that I purchased the Kindle version and re-read it in a day. Uh-huh, it's THAT

good. "Personal Delivery's" characters are quirky, engaging, strong, delightful, and hot. Yeah, let me say that again... HOT. I love them all, beginning with Jana, aka the Cat Lady/greeting card writer/illustrator, to billionaire MBA corporate jet-setter, Jake, aka the sexy undercover delivery guy. Their mutual attraction starts with each having a crush on the other, and simply goes sky high from there. HER self-deprecating second guessing will tug at your heart strings, and you'll find yourself supporting and encouraging her throughout the story, even though she's out of his league. HE never thought he'd fall so helplessly in love, is willing to do anything to prove it, and will treat her as his Cinderella... forever. I can hardly wait to read the next book in the series, Toby's story, "Personal Escort." I'm absolutely sure it will be worth the wait.

I was never more happy to open a newsletter every week! Knowing that Jake would be there waiting, when Ainsley would announce in her group that more of Jake would be coming I would refresh my email until there he was. I absolutely loved everything Jake and Jana! Jana is an illustrator with a thriving business. She has the perk of being able to work from home and she has her adorable cats to keep her company. Still her love life is all but nonexistent. That is until the delivery man makes his way into her life. Who would have thought getting crazy packages from her well meaning friends would change her life forever? Jake is a billionaire in disguise. He's not just a SwiftEx delivery man dropping off packages on a route with the beautiful, eccentric artist as one of his routine stops. Oh no... Jake has a secret that can change everything. He never expected to fall for Jana and her horde of cats but he does - and he falls hard. But he's afraid that his secrets will change everything. This was so fun! Just the best fun to read. Jana is feisty and eccentric. Jake is swoonworthy and just... yummy. Together these two kept me in stitches and running for a fan to cool off. The chemistry between these two kept me happily returning each week for more. It's always fantastic to see the quirky girl get the supremely hot guy and on the icing on the cake? He's a billionaire! I just loved this! Absolutely loved this book! Sweet but steamy... romcom at its best. Great job, Ainsley!

Personal Delivery was originally delivered by chapter in the author's newsletter. I prefer instant gratification over slow torture, so I chose to wait until the story was complete before reading. I am so thankful I did, because I got to enjoy this RomCom perfection in one sitting. And it truly is my idea of perfection. This couple y'all! Gaaaah!! Jana's your average girl with a fun job, a "Let's explore all the dirty things" attitude, and totally takes it in stride when her hot delivery guy turns out to be a billionaire. Jake - OMG JAKE - is almost too good to be true. Besides having it all, he's got it all:

looks, a sense of humor, sweetness, and bedroom skills beyond words. He's so yummy I could lick him up with a spoon. The story itself is lighthearted fun with a whole lotta sexy. "Imma need a moment" sexy that this author is known for delivering. Although I think she even bested herself for originality this time. Bless her. I loved every second of Personal Delivery. It left me with that wholly satisfied, blissful feeling only a great book can do. If RomCom is your crack, or you're craving an angst-free, hot read, jump into this now.

Ainsley delivers another hot and steamy one with this! Jake is learning about the new business he bought by delivering packages for SwiftEx and Janna gets a lot of packages! Jana has the hots for her "delivery guy", not realizing who he really is. Jake is instantly taken with Jana and what unfolds is sweet, goofy and oh so hot!!! You will love this secret billionaire story...it's a MUST READ!!

I read Personal Delivery as the unedited serial and completely fell in love with the characters and their wonderful quirks. Any Ainsley Booth book is bound to be awesome, but having a new chapter of hot undercover billionaire delivered to my inbox every week? WIN!!! I looked forward to every email... which is saying something, because I loathe email usually and avoid it like the plague. I was soooo excited when Ainsley announced she was releasing it as an ebook so I can re-read any time I want. I pre-ordered immediately because this book is just. that. awesome.

I read Ainsley Booth's latest in its original serial format and I ADORED it. I found myself eagerly refreshing my inbox looking for the next installment of this sexy, sweet 21st century fairytale. She takes the clichéd secret billionaire - every girl trope and creates this wonderful, hilarious world where anything is possible and love conquers all - even a crazy cat lady in training. Jana is warm and funny and kind and just a bit awkward. Her inner monologues and less than fully functioning filter will have you laughing til your sides ache. She's the girl we want to be and the best friend we want to have. And Jake is pure perfection - after all, isn't that the point of fairy tales. Personal Delivery is the best kind of sweet sexy escapism. It will put a smile on your face and a quiver in your loins.
