this book is more about sibling appreciation than back to school! If you are looking for a book to deal with little sister issues- this is a cute story. I was looking for a good book to ease into the start of Kindergarten so it missed the mark for me!

Great reader with my child, but not for her to read independently.

We love Splat the Cat at our house and have several of his books already. This is another adorably illustrated little book, similar to the others. This particular version is paper back (and less durable, therefore) than the hard backed versions we own. But it is perfectly fine (unless, like us, you have a destructive 1 year old in the house!) in terms of quality. Cute plot! This is a good book for older siblings to read, as it demonstrates some of the "virtues" and advantages of having a younger sibling (in this case, it is an older brother with a younger sister).

My son is 7 years old, and although this book is far below his reading level, he still loves to read it. He has collected the Splat series over the last year and each book is as exciting as the first. He will lay in bed at night reading this over and over. Splat is a cute character who parents won't tire of after hearing the same book every night.

Great bedtime story for my grandson. He reads to me and I read to him.

This book is very cute. My kids love Splat and adore his pet and this teacher Miss Wimpydimple. This book is more about sibling relationships than it is about back to school but all in all it's adorable and funny. A+++

Great for first day of school

Surprising love story for a big brother and little sister! My son (10) and daughter (4) loved it!!! Great book!
