The Hurting part of this collection was raw, honest, and gritty. I absolutely adored that first part so much. It takes a lot of make beautiful words from such a dark event but Kaur managed to do that. The other sections weren't as powerful. There was pieces here and there that were amazing but over all it was kinda bland. However this could be because of how amazing the first collection was. The last section Healing was better but seemed to lose track, and become more about feminism than self healing. I have no issue with that but I wasn't sure they all fit together. That being said this is a very strong collection of poetry. It's a wonderful read, and I look forward to seeing what Rupikaur does next

I bought this book because I love to hear the stories of others. The problem with this book was that it had no stories, Rupikaur encapsulates you in an experience. I bought this to read to my significant other, I thought it may be just another pleasantry to share, but as I read it to her, I got so lost in the experience that I forgot that there was a person next to me. Feeling like it was an out-of-body type experience, I learned, and at the end of the day, I'll be a better father, son, brother, and lover because of it. So I thank the artist. Truly a pleasure.

Excellent. I don't usually enjoy reading poetry (I'm too fast of a reader to really pause between poems like they require) but this worked for me. Some of the poems are very short but have a huge impact. HUGE. Like, how the heck did she cram a whole story of heartache in five words? Also illustrated by the author which I really enjoyed and felt added to the poems. READ THIS BOOK!!

Can't wait for the next collection! Already pre-ordered. I love her poetry, even when it's a little simplistic - but the best part is that my daughter loves it, and these are the voices I want her to know and hear in her life.

I don't really like poetry but this was a great read!

This book of poetry and illustrations are beautiful.

Beautiful poetry by a beautiful poet.

Good, quick read
