# Mid-Century Modern: Interiors, Furniture, Design Details (Conran Octopus Interiors)

## Synopsis

The 1950s house was a scientific triumph, designed in a laboratory and tested on inhabitants of all ages before being built for the masses. Never had homes been so thoroughly contemporary, with antiques and period styles entirely banished. Mid-Century Modern explores the interior decor of this seminal decade, concentrating on all aspects of a home's decoration—walls, flooring, surfaces, lighting, and, of course, furniture. Case studies examine beautiful present-day homes that exhibit mid-century style in an exemplary way, and suggest ideas for taking the 1950s look—complete with collector's pieces—and mixing and matching it with elements from other eras.

## Book Information

Series: Conran Octopus Interiors

Hardcover: 176 pages

Publisher: Conran; Book Club Edition edition (July 28, 2006)

Language: English

ISBN-10: 1840914068

ISBN-13: 978-1840914061

Product Dimensions: 9.5 x 1 x 10 inches

## Customer Reviews

Bought this for my husband as he didn't know much about MCM style. Now it's on our coffee table and the whole family is enjoying the great information books.

Picture book plus great info to satisfy the MCM lovers!!!

Bought as a gift. My son loved it. He is a huge fan of all things mid century. This has great photos of wonderful examples of mid century modern.

This book has many very nice photographs to inspire the modern home. The layout is somewhat

confusing as the chapters are not divided by room, but by the author's opinion of modern styles. Also, the book's text seemed like filler, it did not contribute to any end point.

Bought this as a Christmas gift for friend, but want one for myself! Highly recommend. Great mix of quality printed photos as well as interesting reading material. Great coffee table book inspiration for MCM fans.

Great articles and information. Made a perfect gift.

I bought this book for my 16 yr old son for a Christmas gift. Book arrived fast, and was in great condition, even being used. He loves midcentury design and that era, and I think he will enjoy this a lot. :)

Perfect to help style your home.
