Customer Reviews

This book has a lot of great recipes. Normally I prefer books with pictures, but this is a good book without. I recommend it for anyone who would like to learn the art of spring rolls.

A very nice cook book, wonderful recipes with good variety for those of us who love spring rolls!!

I used to cook in a Vietnamese restaurant and I love their food and this book is full of great recipes

for spring rolls and i want to try them all if I can

I loved this book, I have read this book twice. There are no pictures however, the descriptions are very well written where you know what you should have for the end result. I didn't realize there were so many combinations for making spring rolls. The ingredients for the most part are ingredients that I normally have in my kitchen. The content page is hyperlinked so it is easy to move from location to location. Recipes very easy to follow. I think this would be best for the moderate to advanced chef only because of the skill required to make a spring roll. Highly recommended.

I have made 9 of the recipes "as specified". So far....really good. I look forward to making some others.

Can't wait to try some of these. A few issues I do have with this book: 1- there are quite a few recipes that call for pre-made sauces. It would be nice to not have to BUY sauces for these home made jewels! Be nice if these sauces were included in the recipes. Like Japanese Mayo? Nuac Cham Sauce?, "green bean threads Vermicelli"? "chicken or pork FLOSS"? 2- Some recipes use Celsius while others use Fahrenheit for the temps. Some of the methods are unknown to me, (easy enough to look them up but) like "fresh Mint chiffonade" ? "Garlic Sambal"? "Chopped fresh Coriander" and "chopped fresh Cilantro" I thought Coriander was the SEED of the Ciantro." Very confusing. Was wondering if anyone did a proof read before like what the heck is "4 handfuls of Green"? in the Sesame Quinoa Spring Rolls. Other than that I think I can figure out what is needed.

Never received can't give a review

It is worth the 99c I paid for it. Of all these "50 Best . . ." this one may be the best of the series. The preview shows the list of the numerous recipes. I am satisfied with the purchase.
