great!

Nice with a lot of good information.

came as expected - now if he could only make me do these exercises!

Although I cannot get either of these sets of Qi Gong postures down to 7 minutes, they're certainly thorough in reaching all areas of the body. It's a relaxing process while it's recharging in all aspects. I only wish he had a DVD to go along with it.

Simple easy to follow!

Was hoping this was different than the CD course I have, but the materials were the same. Not sure you could actually do the workout from the book....but if you are looking for some intro information this would be a good choice.

Easy to read and review as needed.

It's a good programme but it does not do what it says on the box. It takes 15 minutes each time. I've been doing it for 3 weeks now, even if I try to breathe faster than feels natural it takes 14 minutes. I've written to the contact details on the website about it, but no reply... :(
