# The Invisible Thread

## Synopsis

Growing up in California, Yoshi knew her family looked different from their neighbors. Still, she felt like an American. But everything changed when America went to war against Japan. Along with all the other Japanese-Americans on the West Coast, Yoshi's family were rounded up and imprisoned in a crowded, badly built camp in the desert because they "looked like the enemy." Yoshiko Uchida grew up to be an award-winning author. This memoir of her childhood gives a personal account of a shameful episode in American history.

## Book Information

Paperback: 136 pages

Publisher: Beech Tree Books; 1st Beech Tree ed edition (September 1995)

## Customer Reviews

The author of such accomplished children's works as *The Bracelet* and *The Jar of Dreams* offers a firsthand account of life in a Japanese American internment camp during WWII. Ages 11-up.

Copyright 1995 Cahners Business Information, Inc.

"An eye opener." -- *School Library Journal* "Fascinating reading." -- *Booklist*

I purchased a book for my sons school work. He had to write a review on this book, and we could not find it locally. We purchased it through [Amazon](#) and it arrived in about a week. It was used, but in great condition and worked well for his report. We are very pleased with our experience.

This book and others like it should be assigned to our school children to show what life was like during a different, less multi-cultural, era in our American past. The shameful incarceration of

Japanese Americans during WW2 should never have happened and must never be repeated. This book shows that life and period in detail, as seen through a young girl's eyes.

Informative, warm read. Left wanting to hear more.

It shouldn't be out of print. This book tells a story about the history of our country and how we reacted to the Japanese when they invaded Pearl Harbor.

This was a Great book, and a wonderful value. My daughter enjoyed it so much she read it in one day!

I read this book, and found it VERY insightful. it describes her life in honesty, and with an uncensored style. But it was un-condemning. Which is good. I would recommend it because it is written in a clean, and easy to follow style. It is well worth reading if one wishes to study up on the Japanese-American lifestyle.

Had to read it for homework.

I returned the book because the price on this small used book was outrageously high, more than 4 times it's value on the used book market. I was shocked but let me send it back and gave me most of what I paid for it. Apparently, it was not a Prime item so I had to pay for shipping.
