Welcome To The North Pole: Santa's Village In Applique

Synopsis

This North Pole village is full of charming places for Santa and his helpers to work and play. Create a whimsical appliquéd scene, or stitch one of two smaller scenes using elements from a just a few blocks. Includes instructions for one large and two small wall hangings. Learn an innovative color-stacking technique for selecting fabrics. Discover an easy way to make templates and find tips for tricky appliqué, plus creative embellishing, quilting, and finishing ideas.

As a beginning applique quilter with intermediate sewing skills, getting this book is like being a kid in a candy store! I don't know which little house to make first! Much of the applique is very teeny-tiny (e.g. the reindeer antlers, window panes). However, the book gives tips on simplifying these hard parts (e.g. using twigs or ultrasuede for the reindeer antlers). Actually, the applique is easier than it looks, and the results are GREAT! It really isn't that much harder to 'cut as you go' (for the thin spirals). I'm learning a lot of applique techniques by working on this quilt. The book itself is simply a

black and white compilation of the patterns needed to complete the quilt on the front cover. I saw this quilt completely finished at a quilt show and it is absolutely breath-taking. I spent half an hour just standing there and looking at all the detail of the quilt. It snagged each person who walked by and got a lot of attention! If you are looking for a project that will be greatly admired, this certainly is worth tackling.

Can't wait to start. Great patterns

Good instructions. Just not as enamored with the project as I thought I would be.

Not quite what I expected. will work but if I had seen it in person probably would not have ordered it

Adorable & easy to put together

Worked for me, great Christmas wall hanging and fun to have made!

Love this pattern! I am making them a little larger than shown.

I saw a sample quilt last summer that was similar to this one. It was made with cotton fabric but each block was embellished with wool. When I saw this book I could picture it with wool highlights. I am in the process of finding all the needed fabrics and will then start. What a fun project it will be. I have done applique with Piece O' Cake before and their directions are always easy to follow.
