New Horizons (Mandie: Her College Days Book #1)

Synopsis

It's 1906, and Mandie and Celia are off to college. Newly arrived at the exclusive Charleston Ladies' College, the girls are faced with a campus full of unfamiliar faces and fresh challenges. Despite Mandie's best efforts to make new friends, however, most of her classmates will have nothing to do with her. It's a mystery Mandie can't fathom. To make matters worse, April Snow--Mandie's rival from the Misses Heathwood's School for Girls--has also enrolled in the college. Could she be influencing the others to give Mandie and Celia the cold shoulder? Mandie: Her College Years Book 1.

Customer Reviews

I've read the series since I was nine years old. I'm now 31, and love them still. It was refreshing to see a new side of Mandie. She's much more mature, very little foot stomping...     I'm very much looking forward to reading future Mandie books and seeing what happens with her career, love life, family, and friends.

I have always loved reading Mandie mysteries!!!!!!! They are very interesting. I will give this book 5 stars, and I also recommend this book to any body!!! I will read this book many times. This book was my favorite, because I have the entire collection!!!!!!! :)

The Mandie series consists of a number of booklets - maybe 40 - bound into several volumes. I purchased the first in the series (Mandie is about 11) for my young teen granddaughter and she LOVED it. She couldn't wait to get the next volume - and so it has gone until we are finally sending Mandie to college. My granddaughter is disappointed to reach the end of this wonderful series of stories (she has one more volume to go) but she contents herself by rereading them. If you want to be a hit, grandma, get these books for any young teen that you love.

It was a great book. Great books with great content are not that easy to find.

I've been reading mandie books since I was little. I really enjoy that we get to read mandie goes to college.

wonderful book!....disappointingly thin, I am sad it's the last one...I wish someone would write MORE!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!Overall great book, decent shipping speed. ...I'm happy

Item just as described - good buy.

It is a great book. I've read all the way up to this book in about 1 year. I also was wondering if there is another book after this.
