## Customer Reviews

Garrett explores the extraordinary history, art, and architecture of Venice and the islands of the lagoon. Looking at the legacy of the city's Jewish, Greek, Slav, and Armenian minorities, he recalls the exploits of such legendary figures as Casanova and Byron. Maps and illustrations.

This series is often excellent and this one on Venice does not disappoint. The only chapter that I skimmed was the one on religious connections. Endlessly fascinating though and ideal to take along if you ever visit Venice. I also love the fact that the author does not get bogged down so much discussing the architecture and gives plenty of historical background. I also dug the fact he went off the islands to finish up talking about nearby cities like Padua, Verona and Vicenza.
