Love It! The pages are all very beautiful and well drawn. The quality of the paper is great for any medium that you use to color. Well worth the money.

Since it was put out by Lonely Planet, I really wanted to see this one, but am not all that thrilled. Many pictures are very busy, hard to figure out, and intense to color, while others are just not all that pretty. Instead of a drawing of the Mona Lisa to represent France, a sketch of the Louvre itself to color would have appealed to me more. But, it is still nice to take a coloring book tour through some of the most remarkable places on earth.

I like the scale and detail. The paper is of medium quality. Two problems: printed on both sides of the paper so really 1/2 a book. And you can't tear out the pages without ruining the pictures. I like to display them so that doesn't work for me.

This is a very cool adult coloring book. Excellent scenes/historical places. Can't wait to begin coloring. The scenes aren't too simple or complex for coloring. Some get so detailed they make my eyes hurt, but not this one. I like how unique this coloring book is. This isn't the usual topic for a coloring book.

Great product! The locations included are the "Top 25" from some list of best places to visit. Can't wait to use it!

Beautiful book I gave as a gift. Inside, it ranks top destinations to visit and has nicely delineated spaces for coloring.

Beautiful pictures with plenty of detail for entertaining coloring.

LOVE COLORING - THIS ONE IS FUN AND DIFFERENT THEN THE OTHERS.
