The Duchess Of Cornwall: Camilla™s Story And Secrets (Royal Princesses Book 2)

Synopsis

Why Choose This Book Camilla, the Duchess of Cornwall, is one fascinating woman. Her being Prince Charles's mistress and lover for more than three decades is what lends color to her life. This book is an objective view of Camilla, whose relationship with the Prince of Wales ruined his marriage as well as her own. What's Inside Little is known of Camilla, mainly because she's a woman who doesn't like telling everyone about every single detail of her life, including her high-profile relationship with Charles. This book shows you details of her life, including:

- Her illustrious ancestors, who were also mistresses and lovers of kings
- Her first and only job
- The sassy line Camilla allegedly told Charles upon meeting him
- What she was like when she was a young woman
- Why Camilla married Andrew Parker Bowles instead of Charles
- The woman who Camilla saw as more threatening than Diana
- What the Camilla Campaign is, and more details in the book!

Table Of Contents

- Chapter 1 " Charmed Childhood
- Chapter 2 " On Her Own
- Chapter 3 " Boy Magnet
- Chapter 4 " Between Two Lovers
- Chapter 5 " Losing Charles
- Chapter 6 " Reunited
- Chapter 7 " A Year of Difficulties
- Chapter 8 " An Uncertain Future
- Chapter 9 " Second Chance at Happiness
- Chapter 10 " Will She Be Queen?

Why Buy Now Despite Camilla's role in the breakup of Charles and Diana's marriage, one can't help admiring the woman for enduring all indignities for her love for Charles. She knew she wasn't as beautiful as Diana, but she was the one that Charles had always turned to. She was the woman he wanted to be with, and in their desire to be with each other, their marriages to their respective spouses crumbled. Read this book now and find out what Camilla has gone through in the name of love.

Customer Reviews

Being an American, I don't already know all the details of this story, as others reviewers have indicated, so I read this book with much interest. My take on "this" particular book, is that Camilla is not to blame for how the circumstances transpired, but rather Charles himself. Camilla was a girlfriend long before Diana came in to the picture and Charles lack of self-confidence (maybe a lack of parental involvement in his life and yet still having the feeling of "duty" to please these same parents) put him in a spot to where he finally had to make his "bridal" decision. He should have had the balls to say no, I don't really love Diana, but someone else. Charles chose to continue his relationship with Camilla and never told her NO, it's over.....he led her on and she hung on. Charles had the "issues" and to me he is the one responsible for the breakup of his and Diana's marriage - why do so many think it was Camilla - is that really fair? I agree with other reviewers that the proofreading of this book was poorly done - such a pity!

I was curious to see what this book had to say about the duchess, and while I am sure the information is all accurate, I think the author only needed to mention once that Camilla was not a renowned beauty, instead of hammering on that on every other page. Give it a rest, she isn't Diana. But she does seem to be true to herself, and you can't fault anyone for that. A chatty read, written like your favorite gossip columnist would write it.

Camilla is a much maligned lady. She is the love of Charles's life. I know tradition is tradition, but that don't always make it right. I am of British heritage, just as so many of us in the country are and have linked my history to the royals. Would like to sit with her and Charles and have a cup of tea.

Interesting but not filled with anything we don't already know. For die hard interest in all things Royal, like myself, I recommend the book. For anyone else, I would say skip it.

Camilla' Story is a short, fast read. It is the story of the woman who loves the Prince of Wales but while he dithers, she marries and has children by her cheating husband. There's not much new here. We have followed the story of Camilla vs the Princess of Wales vying for the love of Prince Charles, Prince of Wales.

This short book which takes a couple of hours to read reveals just how sleezy the story of the royals is. Hopefully William and Kate will turn this tide but in many ways Charles was a victim of his upbringing. Camilla must really love him to put up with what she did for so long.

What a horrible life she must have had. Trying to make her seem like she was a victim. Prince Charles acted like an infant.

I didn't enjoy this book at all. A chronicle of a boring life. Badly written.
