Beyond The Limits

Synopsis

Sir Ranulph Fiennes has been hailed by the GUINNESS BOOK OF RECORDS as the world's greatest living explorer. Following his most recent unsupported attempt to reach the North Pole which nearly cost him his life, he looks back on three decades of adventures in all corners of the globe and what he has learned from them. Reflecting on such diverse themes as the importance of choosing the right team, monitoring the opposition and dealing with the media, Sir Ranulph presents a breathtaking collection of photographs from his personal archive and discusses the - sometimes painful - lessons he has taken away from each expedition. From the famous and successful Transglobe voyage in the early 1980s to his life-threatening attempt on the North Pole in 2000, this is a riveting and enlightening insight into the life of an extraordinary man.

The world's greatest living explorer - a GUINNESS BOOK OF RECORDS My admiration for Ran is unbounded and thank God he exists. The world would be a far duller place without him - a HRH PRINCE CHARLES

Sir Ranulph Fiennes has been cited by The Guinness Book of Records as the world's greatest living explorer. In a career spanning more than 30 years, he has circumnavigated the globe, broken numerous records, and experienced triumph and disaster. The high points are many, but there are low points too: the failed expedition to Antarctica in 1996, when painful kidney stones forced him to turn back; and the solo and unsupported attempt to reach the North Pole in 2000,

which ended in horrendous frostbite and near death. In *Beyond the Limits*, Fiennes looks back over a lifetime of extraordinary adventures and talks about the lessons he has taken away from each one, from the importance of preparation and leadership to the value of persistence and flexibility. And although these sometimes painful lessons were learned in the pursuit of adventure, they apply to all areas of life.

If you want to read about one of the worlds greatest adventurers this is a good place to start.

This is a great story (auto bio) about a guy in our times who made his living doing (mostly) arctic and antarctic expeditions. This guy is a real adventurer. Great read!

Ranulph Fiennes is a remarkable person who set out to achieve what most considered impossible. From circumnavigating the Earth's polar axis to discovering a lost ancient city in Arabia to gut-wrenching unsupported polar treks, Fiennes shares the ups and downs of a life lived in full. Here are the finely-distilled lessons learned of an intrepid spirit, told through captivating stories of adventure and magnificent photographs. This book provides hard-earned, sage advice for people from all walks of life. Recommended.

Sir Randolph Fiennes has been called the 'world's greatest living explorer': he's spent thirty years circumnavigating the globe, broken many exploration records, and has had both high and low moments in the process, so it's little surprise *BEYOND THE LIMITS* provides such a fascinating memoir and examination of these points. Ranulph Fiennes's lifetime of adventures is documented in a vivid series of lessons: add color photos and you have an outstanding achievement.
