## Customer Reviews

I found this book to be straight forward, directional and personally motivating. I applied the principles to projects that were not sales related per say and found the process to be extremely effective. For anyone that cold calls, be it sales, fund raising, organization recruiting, our other venues that require cold calling I highly recommend this book to you.

I found this succinct and blunt, just the way I needed it. His focus on the present is so helpful to me... Empowerment tools and mindsets. Easy read and useful right away.

Love it, applied it, it works. It speaks to my yearning for a cold calling solution that aligns with my desire to find fulfillment in what I do.
