Maui Brief: Quickly Master What You Need To See And Do On The Island Of Maui (Vacation Briefs Book 2)

Synopsis

Maui, Your Vacation of a Lifetime Discover the real Maui. Travel Guides come in many forms but when one stands out for sharing much more than conventional wisdom it becomes invaluable. Author Trip Steven's unmitigated love and aloha for Maui, Hawaii's Valley Isle, permeates his newest travel guide, Maui Brief. This is much more than a "what to see - what to do" guide. Stevens touches on a few suggestions for lodging but more beneficially he provides links to multiple resources from finding the best airline fares to lodging options and condo rentals to where to buy what are included throughout the book. Rather than list dozens of restaurants, he supplies the reader with a link to an island-wide comprehensive website that lists all the eateries with menu, location, price and hours. That translates into benefits for the visitor - every detail is current and accessible from your smart phone throughout your stay. Stevens takes the reader through the different areas on Maui. He shares what he feels are "must experience" locations in an easy to read and entertaining style. The reader will get tips and takes on the Valley Isle that no other guide book offers along with needed information on everything from golf courses to surfing to planning a destination wedding. As stated earlier, Maui Brief does not overwhelm the reader; it offers pithy and factual comments and directs you to the best resources to pursue whatever you need for detailed information. Throughout the book the reader will find any number of budgeting and cost saving tips and alternatives. He gently prods the reader to approach their Maui vacation in a more open fashion than any travel guide I've seen. If you can save hundreds in air fares, car rental fees, accommodations and in the full range of activities on the Island why not make use of them? Included are things like easy-to-follow directions to the Costco and WalMart near the airport so you can stock up on necessities upon arrival. Maui Brief is jammed packed with these tips so you can afford to return again and again. Maui Brief is written with love, with Aloha and with a keen sense of Ohana for Maui and her people. This shows in Trip Steven's words and in his stunning photographs. Maui Brief is a book to be read not only by the traveler but also by those that know Maui and want to relive treasured memories. As a potential visitor to Maui, be it your first or fifteenth visit, his candor alone make Maui Brief well worth reading.

Customer Reviews

Liked the fact that it was brief and focused. Hard to have a bad time in Maui but the book was very useful and helped us get the most out of our 8 days on the island. One suggestion that I can't recall being in the book is the magic show at Warren & Annabelle's in Lahaina. I am not a magic show person and it sounded a little hokey, but on insistence of some friends we went and it was highly entertaining. My favorite thing was going up to the top of the volcano and seeing the Haleakala crater and the views from 10K feet. I've attached a photo from our sunset dinner cruise...rain, sun and ultimately several rainbows. Mahalo.

This has to be the best travel book for Maui. Anything you want to know will be found here. Tells you about beaches to visit, when to visit and where to visit. Best place to buy groceries, who to call to get married. Best place for a sunset. Thank you to the author for a well written book about Maui. I am going to follow your tips on our 2nd two week trip on April 23, 2014.

This book is well written in a casual friendly style, well organized in chapters that make sense and make it easy to find info you need, and perfect for preparing for your first trip to Maui. Well worth the purchase price. Gave me lots of good advice to use in planning our itinerary in advance. And I love that I will have this kindle version on my iphone/ipad when I go to use as a reference just in case. You should buy it now!

Good recommendations. Purchased this because of good restaurant reviews and links. Will be going to Maui next month and while we have traveled there previously, it's fun to find the little known spots.

This book is concise and to the point. Just what I need to know . Love it . Read in one afternoon by the pool. Will take with me to Maui!

This book contained some really good insight on how to make the most of tour time on Maui. It went beyond the usual tourist info, and that was what I was looking for.

It helped with all the questions we had about our vacation at a great price.It helped us decide on what we wanted to do while in Maui.

Such incredible tips! Very detailed, actually fun to read. I have read a few books on Maui. This is by far the best.
