I like the style that this book is written in. It has some good ideas and has a nice easy to look at format for presenting the information. The only reason I'm giving it a lower score is for the extreme need for an editor. It could have been written a little more professionally. Many spelling errors, etc... Great concept otherwise!

I wouldn't know the different type of dances at a quinceanera without this book

Would not recommend buying or hiring Geno Garcia as your choreographer.... Very undependable... First 3 practices his excuse was he was sick, out of town and the last one he txt'd 30 mins before practice stating he couldn't do it anymore & no reason as to why... I DO NOT RECOMMEND
