Meet Me Halfway (Stetson Series Book 2)

Synopsis

Nina and Knox flirted a bit when Tess, her best friend and J.D. his brother decided to try the whole long distance relationship out. Nina wasn't really a relationship-type person, so that would never happen. After his first go with having a woman, Knox was more about meaningless sex. Since they both could agree on one thing, they tried the casual affair. What they did not expect, was their own issues coming to knock on their door. Knox is a hard one to pin down but Nina is worse because both of them have very few cares to give. Read about this roller coaster relationship and see if two hard hearts can find what they have been searching for. This is an IR. stand-alone, but highly recommended that you read the first novel, with visits from your favorite By Chance, No Choice couple, Tess & J.D.

Customer Reviews

Both Knox and Nina needed things in their past lives that they both needed to deal with before they could commit to each other. Their attraction to each other was hot and heavy but those issues needed to be addressed. Lennox, aka Knox needed to deal with his broken heart and feelings of inadequacy and Nina needed to deal with the fact that she was brought up in a loveless marriage.

Both of them needed help from a therapist. Xyla wrote an interesting sequel to the Stetson series. I can't wait to see how Mills and Nadine deal with snarky Rebecca in the next book.

I've been waiting for this book ever since I read J.D. and Tess' story, and Ms. Turner did not disappoint! I applaud her on so many levels. First, because this book was edited, which put it in true five star status. The continuity between both book's characters and unexpected twists and turns made it exciting, combining old and new ideas. LOVED IT!!!! May I make a suggestion? Going forward I'd only change one thing on your books and that's the picture of the leading ladies. You've got HOT guys and not so hot leading ladies. You should make better matches!

Knox is a true alpha and Nina is a true beta and they are each other missing piece. Their chemistry is smoking hot and melt a bucket ice less than three seconds. True love can heal old wounds. Pops is hilarious and along with his sons. Knox and Nina found closure from their past demons in order to move forward in their relationship. I can't wait for Mills and Nadine's story.

Nina and Knox are a force together and individually. I loved the banter between the two. The explosive tempers and the equally hot makeup. I loved that Nina was very independent and did whatever she wanted without regrets. I also loved the possessive, hard as edge to Knox with a twist of softy. A very enjoyable read. Ms. Xyla, I need you to go ahead and get Mills and Nadine's story out. You got me out here feenin' for the Stetson Series

Long time for the second book in this series. It was worth the wait. Great to catch up on the characters from the first book. Family and the dynamics of city vs. country continue to be the themes. Both were handled realistically. Looking forward to the next brother and his story.

I just love it!!!! You killed it. I enjoyed every page. The wait was well worth it. Fanfreakingtastic characters, chemistry and storytelling...Nina and Knox stole my heart. Are Mills and Naomi next??? I'm ready!

Can I just say I was not expecting half of that first of all. I have been waiting for Nina and Knox book for so long, I thought they was going to be your typical Friends with Benefits turn into lovers then getting married. But no they passed had to be crippling, Nina's parents raised her in a Loveless marriage so now she don't think she need nor deserve or want to put up with the false pretense of it.

Knox was in love lost everything and he feel like he didn't deserve it like his daddy Laura wasn't that just a cycle that wanted to keep repeating. But I have to say depression is a scary disease you can have you thinking you alright but you are cuckoo bird and don't even realize it or if you are and don't ask or tell nobody and just disappeared people hate you. Now ya always introduce another brother in the book and meals and that cuckoo bird Rebecca I saw hope she ain't pregnant he don't need her for a baby mama. And his new boo Natalie or Nadine one of them my bad she is not playing Neil's got some work to do. But I'll be here waiting facility whenever it's ready. Miss Xyla you did your thang! Congratulations on another amazing story. Side note: if you know somebody that suffer from depression keep them help and if it's you ask for help, and therapy is is a safe place to release thoughts whether they safe or unhealthy.

This is my review and how I see it. Author Xyla Turner provides us with another fantastic story in Meet Me Halfway. This story explores what happened between Nina (Tess's best friend) and Knox (J.D.'s brother) and their relationship. The Stetson series has some strong alpha males who fight not only against themselves but will fight for the women they love. Both Nina and Knox have some underlying issues they need to deal with because they are in denial about who they are with each other. This book like the first one will segue into the third book in this series. From what happened in this book, it looks like it is going to be another good one. It was good to see Tess and J.D. in this story. Pops is my favorite, and he needs his own story This is my review and how I see it.
