## Customer Reviews

Medieval Times to Today (World Explorer Series) A great teaching tool.

Book came in excellent condition! I wasn't expecting it to look brand new. Such a nice surprise. Very satisfied!

Book as stated.

Very good for keeping the students on track in understanding what is going on in the subject.

It is a good book to learn easy and fast certain stages of human history. Very didactic and Internet access for many issues.

Great book

This is the history textbook my school uses. It is acceptable, but largely without charm or beauty or access to primary sources relevant to your students.

My child has to have this for 6th grade history for a private school that is supposed to be "ecumenical". It is a massive fail. Nothing but the old mythos of the bad Catholic Church oppressing the world. The book actually states that the reason that medieval folks used the term "the" before the word "Church", as in "The Church", was because "the" Church was so influential it could make people call it "the" Church. Just like "The Donald". Give me a freaking break! Yep! FACE PALM! It was NOT just simple grammatical rules for the use of "the" before the word "Church" thus signifying the medieval understanding of only \*one\* \*single\* Church. OH NO! It couldn't be that simple. It was the power of "the" Church that made (forced) all medieval folks refer to it's oppressive self as "THE" Church. There is so much bad in this book I can't begin to cover it all. Good old Martin Luther trying to get folks to read because bad Catholic Church would not let them have the bible in their own common language. How about simple fact checks. Its not hard now a days to correct these propaganda lies. Really, at this point in history it is pure laziness or ulterior motives to write this kind of fish wrap. But no. Instead that same old tired mythical trope: black dark evil Catholic (the) against poor down trod peasants. Puke!!! There is no distinction between corrupt members of the Catholic Church and "The"(sigh) Church as a whole. No distinction between the governmental led inquisitions (torture etc) and "the" Church inquisitions. NO explanation that the protestant reformation was a mad power grab by ruling civil authorities willing to steal land, power/economics through the manipulation of common uneducated folks through the the guise of the Banner of Religion with oppression, forced conversion and brutal violence. Nope. Just the same old trope, the Protestants enlightened the dark old medieval (the)Church. Terribly disappointed that this school chose this "ecumenical" text.

son loved this set
