Customer Reviews

I read the 1st book and loved it, and knew this one would be as thrilling. Again I stayed up until I finished the book. Each page pulled me on and there was no way I could put it down. L.B.Shire is a great writer and I hope to read more of her books. OH but I hope there is more to this story.

This book had me crying, smiling and laughing all at the same time. I hope another book would be written as a sequel for this one. I felt like I was a part of the book, and I hate to see it end.

This was a good read and held my interest. It was not very sophisticated and needed some editing, but made up for that in content. I was sorry when it was finished.

This book is a great continuation of the first book. It shows a strong love between man and woman and the passion for one's love of caring for the things that mean the most to her.

Loved the books I'd so would read them again. I love books about horses..... I hope there will be more in the series soon

Was a great sequel to "To Tame a Wild Heart." I wish there were more of these books i cant get enough.

This book was such an easy read. I wanted more when I came to the end. I will be looking for more books by this author.

Good light read
