Laura Neutzling has spent most of her career in entertainment, leading marketing and branding efforts of Warner Brothers Music and DreamWorks Animation. She has created marketing copy, taglines, presentations, and award-winning live events all the way from concept to production. As her marketing career transitioned to animated children's productions, she moved into writing scripts, discussion guides, and books. Laura originally hails from San Antonio, Texas, but called Nashville, Tennessee, home for nearly twenty years. A devoted aunt to five nephews and a niece, she currently resides with her husband in Sarasota, Florida, where she runs a marketing consulting business and works on her various writing projects.

Also ordered Grandma kisses and was disappointed to find that they are Christian books. Cute

pictures if that's your thing, but I couldn't give them to my grandson because of this.

Every little one needs a grandpa who hugs and this boo re-enforces that all important part of childhood. Arrived in time for a second birthday. Loved it.

Just perfect for my grandson!

Adorable book. We enjoyed reading it.

Grandpa's chair is comfy-cozy with room enough to share. Before it's time to go to bed, we say a nighttime prayer. Laura Neutzling writes in her children's book, *Grandpa Hugs*. What! At twenty pages, this board book with a padded front cover and rounded corners targets children ages two to five years old. With no scary scenes, it is a nice story about grandpas. With full-color scenes on both sides of the open pages, young animals are shown with their grandfathers in different activities. Written in rhyme with some complicated wording, this short tale shows many of the different things that grandfathers do with their grandchildren. Bunnies, foxes, monkeys, elephants, sheep, giraffes, tigers, owls, dogs, and bears depict the unique love between the generations. Why! Our three-year-old granddaughter loves being read books before she goes to sleep, and I enjoy how this one focuses on a grandpa and what he does that is special. The pictures are engaging and fun to look at for the age group. Why Not! Those who do not believe in praying to God may want to avoid this book, but it is only mentioned in one line, and no Bible verses are included. Due to some of three syllable words, it would be best to read it out loud to beginner readers. Who! Having a career in entertainment, Neutzling has been focusing on writing scripts, discussion guides, and books for children. She and her husband live in Florida. Wish! Being a grandma, I hope a book for grandmothers will be coming soon. Want! If you are looking for a bonding book about a granddad with pictures of animals, this is a nice choice. It would be an adorable book to have in the grandparents' home when the young ones come for a visit and sit in grandpa's lap to be read it. Thanks to Book Look Bloggers for furnishing this complimentary book that I am reviewing freely.

*Grandpa Hugs* is a sweet reminder of the way that grandfathers love the children in their lives. Durable and sturdy, this board book has delightful illustrations with fun rhymes. Each page features different animals, and the grandpa looks different each time (glasses, older, etc). It's a good

way to help children understand that grandfathers are all different, just like everyone else. Tommy Nelson sent me this book for my blog; opinions shared are mine.

There is a special bond between my son and his Grandpa. They do everything together. I love watching them when they don't know that I'm watching. You can see the love they share between them in everything that they do! *Grandpa Hugs* by Laura Neutzling, is a story about the unbreakable bond between a Grandpa and his Grandchild. Join these special duo's as they learn to ride a bike, read stories and say their bedtime prayers. The story features a variety of cuddly animals that will delight little ones. Inside the pages you will find pictures of monkeys, rabbits, giraffes and other animals. The illustrations are beautiful with soft soothing colours perfect for bedtime. There are just a few lines of text on each page, making it great for young readers. There are some difficult words, such as *adventure* and *whiskers* that may challenge some younger readers. We enjoyed the change in font, it adds some whimsy to each page. While I love the whimsy the change in font may pose a challenge to new readers, notice the difference in the letter *æ* in *Grandpa Hugs* is a beautiful story that shares different activities that little ones can relate to. Sharing ice cream, telling jokes and reading stories. There are so many little life lessons shared in this story, that you will want to read it again and again to your little one. The giraffes teach us about sportsmanship and the tigers teach us about spending time together. There is a christian element to the story as well, as the puppies share a special nighttime prayer. While it is not explicitly stated in the story, *Grandpa Hugs* is a reminder that God loves us so much that he gave us Grandpas to show us! The book is a board book with a padded cover and rounded edges, perfect for little hands. It would make a beautiful gift for a Grandchild or even Grandpa! The story is a beautiful story to share with your little one at bedtime or anytime at all. \*Disclosure: I received a complimentary copy of *Grandpa Hugs* from Booklook Bloggers in exchange for my review. All opinions are 100% my own.
