The Design Aglow Posing Guide For Wedding Photography: 100 Modern Ideas For Photographing Engagements, Brides, Wedding Couples, And Wedding Parties

Synopsis

Refresh your toolbox with modern poses your clients will love! Whether you're shooting your first wedding or are a seasoned professional, the formal portrait session can be one of the toughest parts of photographing a wedding. Faced with tight timelines, unpredictable lighting, and clients eager for stylish, flattering portraits, it's critical to come prepared with a toolbox of fresh, modern poses. Happily, Design Aglow's 100 ideas for posing engaged couples, brides, brides and grooms, and bridal parties will help you approach each session brimming with confidence and creative ideas. Design Aglow's style-savvy approach has resonated with photographers (and their clients) everywhere. This curated collection reflects their modern sensibility, with poses from industry superstars such as KT Merry, bobbi+mike, Elizabeth Messina, Jessica Lorren, Milou + Olin, Paul Johnson, Lisa Lefkowitz, Anna Kuperberg, and more. You'll also get tips on directing your subjects, easy follow-up shots for each setup, and behind-the-scenes lighting information. Both eye candy and practical reference tool, The Design Aglow Posing Guide for Wedding Photography will inspire novices and experts alike to wake up their style and take beautiful portraits today's brides and grooms will love.

Customer Reviews

I have two weddings lined up this week and this book gave me some really great ideas! Keep in mind that not every pose is for every couple, but this is a great all around reference. Scan through it and pick and choose the ones that would best suit the couple for your event and it will get your own creative juices flowing for your own ideas as well!

I'm not overly impressed with this book. You can find everything in this book on Pinterest so it's not a book I'll be keeping. Save your money!

This is by far the best book of poses that I have purchased. I'm a professional photographer currently booking about 20 weddings a year, so I'm still learning the finer details of posing. This book offers realistic, stylish poses that can be easily achieved with most clients, and it even gives you actual useful tips on how to make them happen. The names for the poses are pretty dorky, and there aren't nearly as many as I'd like (one pose per set of pages) but I feel like I got my money's worth.

This is a fantastic resource for any photographer who works with couples and especially weddings. It's filled with so many great and modern ideas and is helpful for creating multiple shots within each pose. I also love that each photo in the book gives the camera settings and environmental settings, so you can get inside the photographer's head a little. I highly recommend this resource, and I love Design Aglow!

good book

A fantastic resource for brides and photographers, this book is full of the industry's top talent and most inspiring wedding images. I cannot say enough about the simple direction Design Aglow gives it's readers, so your photography is not simply copying, but interpreting the idea of your own style and your clients' personalities. The extra tech info provided by the pros is just a sweet bonus! Buy this book today it's a fantastic investment for getting inspired over and over!!!!

There are some good ideas in this book.

What I love most about the Posing Guide is that because of the way the book is structured--each spread is a photo, then its explanation--you can open to a page, any page, and read a helpful kernel of advice. For pro photographers looking for a jolt of inspiration to amateurs needing solid posing instruction, this book is a gem.
