## Customer Reviews

The editors of Merriam-Webster have been creating dictionaries and other language reference works to the highest standards of quality and reliability since 1847.

Good all in one for students. I bought this for my 5th grader and he's found it very useful. It is a paperback so it may not last more than a year of daily use, but for the price you can't go wrong. Also the built in world atlas is a nice bonus!

All students and adults need a dictionary around. I got this for a family with 10 school age kids and I'm sure it will be helpful.

Large, lots of easy to find info. Great for homeschooling.

this is perfect for students. its big, but that is good so you can find and read the definitions easily.

A lot in it, but pretty flimsy especially for kids. Don't think it will take much abuse.

perfect definitely recommend

It is exactly as described, perfect for a young person to use for school.

Way too large. I thought it was smaller size. Too bulky. I have to reorder another one for him to carry to school, but he can use this one at home.
