Love Will Find You: 9 Magnets To Bring You And Your Soulmate Together

Synopsis

Forget The Rules, so what if He's Just Not That Into You? Love and relationship guru Kathryn Alice tells you everything you need to know about finding your soulmate — and helping your soulmate find you. Love Will Find You is a true antidote to all the strict rules-oriented dating books out there, explaining why every one of the 110 million single Americans have reason to celebrate: Nothing will keep love from you Even if you never leave the house, your soulmate will find you You are never too old, too fat, or too poor for love There is no such thing as rejection, only the wrong fit Hate going out? Does every singles' event feel like a convention of desperation? Are you stuck in a past "crazy love" relationship you can't shake? Using the nine love magnets, Kathryn Alice has helped thousands of people to discard their old notions of dating, teaching practical steps to get love, including: healing your perceived "fatal flaws"; decluttering your heart and releasing old loves; sending out a soul call; and banishing the idea that you need to kiss 100 frogs to find your prince(ss).

Sigh. So many people in life will tell you there are no soul mates. And yet many others insist they met theirs. This book will give you hope to keep the dream alive. It's a beautiful book that tells you what you know in your heart to be true--there is a match out there for you. And they won't be able to miss you when you run into them. This book is my bible and I thought it would be a silly book. It's really important and good.

Short, quick review: This book worked for me. I only needed to "do" the first two or three chapters, the rest is history. Wonderful and magical!

Kathryn's book worked for me. While I was busy taking her four week "Create-a-Mate" workshop, I zipped through her book. Within moments, everyone around me, or even far away felt the change in me. Old boyfriends called, wrote, emailed One asked for a date. Guys stopped me on the street and said, "wow I like that outfit," "that scarf," "that dress," "that hat!" After my bikram yoga class, men would sit on the bench to chat with me. Before this book, I was in a dead zone of no dates, no interest. Even friends began to set me up on blind dates. My whole energetic system had changed. A month after the read, an old friend called to meet me for a drink in NYC, which led to a dinner. The following night a play, a dinner and late night jazz. Then we met for lunch the next day. He flew back to Paris and I returned to my little apartment in Copenhagen, Denmark. We started skyping everyday--letters, emails, phone calls. He flew into Copenhagen for my birthday. That day, we rode bikes around the city, talked over lunch what I called the 103 questions--all the things we needed to know. That evening he proposed to me in the taxi on the way to the restaurant Sollerod Kro. And out of my mouth, that which I thought would never pop out, did: "YES!" Five months later, we had an amazing wedding at the River Cafe in NYC and am happily married in Paris for two years now!

What can I say to Kathryn, but thank you for your clear and poignant work!

I've read numerous books on finding the "one". This resonates more strongly with me than all the other books I've read. Kathryn covers areas that other authors don't including "the opening", a person who often precludes the one, she quotes several of my favorite authors too. I went through a pretty horrific divorce and now 5 years later just getting on my feet again, maybe it's where I am, but very wise advice and well written. Soulful and about being real and authentic in arriving it's nothing like the Rules by Harvey. Bravo!

It may sound cliché, but reading this book changed my life! It gave me tools to rewrite and reprogram my perspective on love. I was constantly viewing myself as a victim of love. Although I consider myself confident with a healthy amount of self-esteem, I was seeing love in a negative light, worried of abandonment and rejection due to past love experiences and breakups. This book helped me review and change what had become my "go-to, knee-jerk" reactions of negativity toward relationships. With the help of the written exercises, I literally rewrote my thought processes in a positive light and am working on this every day.

I should have written a review for this wonderful book a long time ago! It WORKS. I decided to give this book a try and now I have been with the man of my dreams for almost four years now. Reading this book and following the advice was one of the best things I ever did for myself. I have recommended this book to friends who have had relationship problems in the past. Those who gave this book a chance have all found really wonderful people. I couldn't recommend this book more!

...when you are tempted to twist yourself into a pretzel to win the approval of someone who may or may not be worth it. Kathryn Alice reminds you that every pot has a lid, and to find your match rather than match who you find. She gives a lot of examples of people finding really suitable mates for their authentic selves. Of course, her advice flies in the face of all the glossy magazine ads which tell you how to look (retouched, airbrushed and young,) which is exactly why so many of us could benefit from reading it.

This book does exactly what it says! As long as you actually do the work, you will activate something inside of yourself to attract a new love. I only read half of the book and 1-2 months later, I met someone halfway around the world on vacation. We talk every day now and it's been great! She

really, really, really loves me for who I am. Highly recommended!
