Customer Reviews

James Patterson has written more bestsellers and created more enduring fictional characters than any other novelist writing today. He lives in Florida with his family.

It wasn't my favorite Women's Club Book. I look forward to these books so this one was a disappointment. I did however read every word. The plot could have worked with more to it. Too pat and too quick a conclusion. I will still look forward to the next book

Most of the storyline led me to believe a twist would come with the ending. This did not happen. Ending too pat and doesn't make sense for the connection between the characters, or rather the lack of connection. Disappointed as the Patterson and Paetro team is a favorite of mine.

Always love the murder club mysteries. Everyone of the characters are different and unique. Looking forward to seeing more of these.

James Patterson is always good and I like the Women's Murder Club. I also liked that this book wasn't overly long.

This really kept me going and I love the series! It has been great to explore each one of the ladies individually.

Good read. Typical Patterson. Exciting from beginning to end. Women's Murder Club are always great.

It is a good story and certainly held my attention. Wish it had been longer and that the characters had been better developed.

I'm not a fan of Patterson's bookshops, but the story was good. I just wanted more.
