Thanks

I needed individual and not complete dish evaluations. Having both not user friendly.

So difficult to use that I wonder how the author came up with the format for this book!

It's a shame the preview didn't have more basics from the book only supplying info on alcohol and beverages. I had to buy the book just to discover it was not what I wanted

Excellent complete calorie counter. Easy to use, and I can quickly find my foods. It's the only one I've found that includes fat, fiber, protein, and carbs as well as calories in a well organized format.

Confusing
