Customer Reviews

We like this. My son is very interested in Latin and this was easy enough for him to follow and work on his own. We listened to the CD, which I would recommend for a 1st grader or younger. We liked the book.

Fun way to learn Latin. This is for younger kiddos. The written work is super easy. But, my 8 year old remembers it! The songs are catchy and memorable... Even my middle schooler sings along!

My children are just learning Latin. This book is more elementary, however that makes it easy to follow for those with no prior experience. Great for pronunciation.

Seems cute so far, not many things like this so I figure its worth getting.

We are using this curriculum for our homeschool group and the kids LOVE it! The songs are now played in the car and even my 2 year old is singing songs in Latin. Thanks for a fun way to learn!

It's a fun way to begin learning Latin. The songs are catchy. Even though it says it is for younger kids, you can use it with older kids too. In fact, I am learning from it as well, and I'm an adultÃ Â Âˆ

Excellent customer service. Product was fully replaced after receiving missing item. Thank you. We love singing along with this CD, which goes right along with the workbook.

Very easy to use. My boys seem to like this and are learning. It is very basic. I do think it would be better if the cd had the correct way to pronounce the words in Latin before the songs start. I have to listen to the songs several times to figure out how to pronounce the words before I teach. This was a good basic introduction to Latin for our family, but I will be seeking out something else after we are done with it.
