I Am A Liberal: A Conservative's Guide To Dealing With Nature's Most Irritating Mistake

Synopsis

Pssst. Here's a secret – Breitbart.com writer Kurt Schlichter, author of the hilarious #1 Kindle Bestselling ebook "I Am a Conservative: Uncensored, Undiluted and Absolutely Un-PC," is not really a liberal. Not by a long shot. Now he's back with "I Am a Liberal: A Conservative's Guide to Dealing With Nature's Most Irritating Mistake," and he's more caring than ever. But beware: if you're interested in compromise, bipartisanship, and reasoned, rationale debates that end up with wimpy conservatives pummeled and bloodied by their ruthless liberal opponents, move on. This is not the book for you. If you want a field manual stuffed with un-PC essays and searing mockery designed to make liberals cry, you're in the right place. "I Am a Liberal" is an uproarious, no-holds-barred study of the modern American liberal, taking aim squarely at the smug snobs who, despite never having run anything, somehow imagine that they are morally and technically qualified to run everything – especially your life. Longer, funnier, and packed with more go-for-the-throat sarcasm than its predecessor, "I Am a Liberal" takes no prisoners as it teaches what every conservative needs to understand about: Liberal Argument Tactics Liberal History Surprising Liberal Facts The Collectivist Rainbow's Fifty Shades of Fail The Curse of Open-Mindedness And Much, Much More... From gutsy calls to honest reelection slogans to Hollywood's biggest morons, "I Am a Liberal" is a graduate-level education in understanding and defeating what is truly Nature's most irritating mistake.

Customer Reviews

Funny/serious and so true. Love his poke'm in the eye and kick'm in the ass plain as day logic. To bad THEY can't see any of it for themselves.

Excellent book!

It was fantastic. I laughed until my anus ruptured. You may want to sit on an absorbent towel or possibly puppy training pads. something before you read this.

Funny stuff from Kurt!

Funny book that had some great stuff to throw at liberals, but the tweets got a bit repetitive.

some good points and yet..Some of the things he says about liberals make pretty good sense. Equally important are some of the things he does NOT say about conservatives. Some people rant on the right to make money. Some people rant on the left to make money. I'm looking for books by those who just want to be left alone. This isn't one of those. Still, both liberals and conservatives can learn a lot by reading it. For that reason, I recommend it.

I follow Kurt Schlichter on Twitter and love his commentary there, so I knew I'd also love this book. As soon as I read just the preface, I knew it would be an in your face, tell it like it is assessment of the liberals we know and try to love. Kurt is known for being uncensored and un-PC and he certainly doesn't disappoint with his latest endeavor to help us deal with 'nature's most irritating mistake'. I work in a University so I have the honor of being surrounded by the liberal elite, those that know far more than we could ever hope to. As I was reading the "I Am A Liberal" statements, it was just like a day at the office. I've often wondered how people so intelligent and educated can be lacking common sense. This book is a must read. Buy it, read it, and annoy a liberal but spouting the awesome goodness that comes from it. Kudos Kurt, you're a king among men.

As conservatives, we sometimes have a hard time describing a liberal's belief system, because it's like nailing jello to a wall. It just moves around too much. This book is a must read for anyone who really wants to "get" it. Truly remarkable way of nailing that jello to the wall.
