Since the 1992 release of their Gold Medallion Award-winning book, Boundaries, Drs. Henry Cloud and John Townsend have heard these three questions rephrased thousands of times. As parents begin to realize the tremendous impact poor boundaries have had on their own lives, their concern

naturally extends to their children. How can they help their sons and daughters form healthy boundaries that lead to well-rounded characters and successful adult lives? Now there are answers. Boundaries with Kids helps parents apply the Ten Laws of Boundaries (first described in Boundaries) to the challenges of raising children. In their popular, readable style, Cloud and Townsend help moms and dads make choices and develop a parenting approach that sees beyond the moment to the adults their children will become. For parents who want their kids to escape the struggles they themselves have experienced, here's an in-depth look at how to implement the preventive medicine of character development by establishing sound boundaries--starting with the parents. Boundaries with Kids helps moms and dads learn how to bring control to an out-of-control family life set limits and still be loving parents define what legitimate boundaries are in the family transfer what they are learning as parents to help their children develop healthy boundaries. Illustrating its points with numerous case studies and anecdotes, Boundaries with Kids gives parents the can-do guidance they need in order to model healthy boundaries for their kids. This book may well be the best investment parents will ever make into the lifelong welfare of their children. --This text refers to the Paperback edition.

I don't think I need to write what so many others have written - both famous leaders and leaders in our own private lives. Great great great book - thanks for bringing me back full circle at the end of the book to realise that it's Christ our Lord "who works in us both to be willing to and to do the things that please Him", and thanks for changing my life for the best, Drs. Cloud and Townsend! Enjoy your rewards from our heavenly Father forever in Jesus Name!

My only child is grown and living on his own. I bought this book in preparation for teaching a class to prospective foster parents. First of all it gave me powerful insights into my son's past and present struggles. In other words I wish I could have read this book 30 years ago. After reading this book I feel much better prepared to teach the class. In addition I am dealing with an employee who is a bit immature and what I have learned has given me tools to better shepard him. Mark Scottsdale, AZ

Hi, my name is Jamie and I just finished this book. I think it is pure genius. Parenting is hard and so complex sometimes. It's difficult to know how to handle situations with your kids to help bring about the right things in their character ultimately. This book is a balanced, straightforward, and Biblical guide. I would recommend it to everyone, and especially parents or those working with minors.

Loved his anecdotes and practicality. However I was hoping for more specifics on setting boundaries/consequences starting at a younger age (toddlers to be specific)

great eye opening and helpful

Great book. I have recommended this book on numerous occasions and have never been disappointed by those who read it. Most say it is the best parenting book they have ever seen. Well written, logical yet profound use of scripture with clear applications. Every parent should read this book. Totally recommend it.

The whole boundaries series is great! It's important to teach kids good boundaries at a young age so they develop into good adults!

Great Book
