Super cute book! My 2 year old loves that it is the page thickness of a real book but I don't have to be stressed about him tearing it! He is also in love with anything that has wheels or moves so it was the perfect book for him

Book is great! I let my twins keep one book in this series in bed with them after first reading out loud. They "read" aka flip pages and chew when they wake up from their naps. This book is the best one yet! I'm constantly asked for "more go." The boys especially like the airplane and bulldozer.

Love these books!!!! Super convenient to keep a couple in the diaper bag for in the good reasons instead of big board books. My little man loves this specific one the best because he has an obsession w things that go! Love this product!

Normally love her books, but this one smelled like chemicals. No way do I want my baby chewing on it! Maybe just to fresh a printing.

I don't know why I didn't buy more of these sooner. Love them more than board books! My baby loves to chew and slurp on them

this little book is great. Wont tare and is great for 18 months old and up. Book came immediately and was in good shape.

Grandson loved the books and really gave them a workout during a 10 hour flight to Honolulu. Books arrived wrinkled, but truly INDESTRUCTIBLE!

Great books, the girls love the simple, yet colorful illustrations. And the books really are indestructible.
