Customer Reviews

Summerville has a well plotted mystery at it's core, but the Christian Theme interrupts the story often enough to be a distraction for a less devout reader. I'm aware this is how some of my friends conduct their lives and I deeply respect them for it, but it feels contrived the way it takes over the direction of the plot. Doesn't degrade the quality of the story or the writing, just narrows the market a bit, I think.

This novel had several twists and turns. It held my interest to the last word. There was just enough mystery, romance & expressions of faith to make it well worth reading. I feel as though I know

Maggie & Tim and look forward to their next adventure(s).

This story is fast paced and gripping. The characters are well developed and the story line is intriguing but easy to follow. Very well written. The characters and dialogue are very believable. Can't wait to read the next book in the series.

I really enjoyed this book. I couldn't figure out who done it, which is always a plus in a mystery. I loved the characters and was hoping there was more Maggie and Tim mysteries. Particularly enjoyed the spiritual aspect of book.

I really enjoyed reading this book. It was well written and well edited. It kept me guessing the whole time. I look forward to the next one in the series. I really appreciated the christian aspect of it.

I enjoyed this book and the Christian aspect made it an even better read. I hope that there are more to come in the Maggie and Tim mysteries.

A mystery you will enjoy reading again and again! Excellent story with some romance, adventure, and suspense. I would recommend this book to anyone.

I appreciated the mystery but I equally appreciated the normal, respectful relationship between a man and woman. Thank you, JoHannah!
