Customer Reviews

Insight Guides wherever possible uses local experts who provide insider know-how and share their love and knowledge of the destination.

This was a bit more history vs actual suggestions. Glad I read it though. Does give lists of accommodations, but doesn't really make suggestions or opinions on what is better.

I had this on the tablet while on safari in the Serengeti; it was perfect for distinguishing one antelope from another!

Great book. Cant beat the Insight Guides for travel guides. They always deliver

Very informative for traveling there. I will be sure to check out "Insight Guides" for other destinations before i plan my next trip.
