Customer Reviews

I would wish for an option of negative stars, but to post I had to enter at least one. I'm sorely disappointed in this ridiculously sparse item that barely qualifies as a digital booklet, much less a book. I was looking for a travel guide to the island of Roatan, this is nothing more than a few paragraphs of skimpy information, all of which is easily found with a quick web search. , please check this out, it borders on fraudulent. I have many other worthy causes to which I would happily donate my \$2.99.
