## Customer Reviews

Didn't really provide much useful information. The book was only about 15 pages too, save your money

I was disappointed by the content. It only took me 5 minutes to read the entire Travel Guide. I was able to get much more information (for free) by doing internet searches on Roatan.

Not much to it and a bit out of date. More info available via the Internet.

Not much in it

Like a middle school term paper. Not in the least helpful for a potential traveller.

Not really a lot of information. We found great places there hat where not in the book. Also here is so much to be said about sailing trips, dives and snorkeling... Not much on the book though.

Not a very thick book, had so few pages, most were advertising for businesses , and that was it.
