Ships Of The Great Lakes: An Inside Look At The World's Largest Inland Fleet

Synopsis

Is working on ships, sailing or tugging through the sea-like waters of the Great Lakes something you've imagined yourself doing? Whether it's your dream job or an area of interest, it is no easy task and takes a full crew to power the 1000-footers, steamers, tugs, Seaway and river class vessels. Lapinski gets close and personal with ship-life, from the captain to the cook, from the inner workings of the engine department to the intricacies of navigation, from the work it takes to load and unload large masses of material. A huge variety of ships, a huge variety of jobs, and an even bigger cross section of people, all have helped make the lives of Americans a little easier by bringing in or out the goods through the Great Lakes.

Photographer and historian Patrick D. Lapinski has been photographing and writing about the Great Lakes maritime industry for over thirty years. Patrick D. Lapinski is a regular contributor to Great Lakes related maritime publications such as The Nor'wester, the journal of the Lake Superior Marine Museum Association; Seaway Review / Great Laker, The Inland Seas, the journal of the Great Lakes Historical Society, and the Duluth Seaway Port Authority's North Star Port, and Lake Superior Magazine.

Easy to read book about the ships in the Great Lakes. Super gift too!

We live on the Great Lakes, (Huron). Awesome book

Gift to my Father who lives in a retirement home overlooking the St. Joseph ship port/channel - he uses it often to identify the ships and references its features. Photos are beautiful.

We have an upscale office right on a river with barges traveling through. This is a nice reference to have handy!

Great book, lots of clear and colorful illustrations

This book covers every aspect of the great lakes shipping industry. Detailed pictorial with explanations by each pic. Leaves you fully aware how important this industry is in the world.. Highly recommend for anyone interested in these huge vessels and the crews that keep them moving.

great.

I sailed on the Great Lakes ships so I love this type of book.
