I like all of Moceanu's Go-For-Gold books - as father of a 8-y old aspiring gymnast. She devours them too, avidly, reading at levels much higher than her grade. Moceanu's books are not only about gymnastics, although there's plenty of this too, but also about building friendships, differentiating between true and false friends, teamwork, and striving for goals. And yes, even introductory

romance. I encourage parents to read the books too - they provide plenty of grist-for-the-mill for family discussions.

If your a gymnastics-fanatic like me this is the book for you! This series follows the Kips Gymnastic Competitive Team and their journey to The Nationals! You might also find some hidden facts in the book so read all of The Gymnastics Series books and learn the true meaning of gymnastics and any other competitive sport: Its not all about winning or losing its about having fun.

Awesome birthday gift for granddaughter.

Great series

LOOOVED IT SOOOO MUCH AND I'M ONLY 11 years old but I would recommend this book for kids in gymnastics because there's something tricky words (:

All the girls on the gymnastics team are enjoying the series

I loved this book. It is about the gymnastics team the Kips that go to a gymnastics competition and learn friendship. I would recommend this book to anyone who loves gymnastics.

I think all the drama was to much to remember other than that I loved it I love Jamie and Kelly
