My Monster Farts

Synopsis

Short chapter book ideal for kids age 4 up to 7. Good for beginner chapter readers. Zach has a pet monster called Lenny. No one else can see or hear him. He loves Lenny but there is one big problem. Lenny loves to fart! He farts at home and at school and everyone thinks that it's Zach. Zach is tired of getting in trouble because of Lenny's farting. What will Zach do? If you enjoy this book, you may also enjoy other books by Kate Clary, including THE MONSTER THAT STOLE MY UNDERWEAR and FARTICUS STINKAMUS.

Customer Reviews

Yes, I know! I can hear some PC folks complaining that the story encourages bad manners. But, I disagree. The author finds a clever way to address the consequences of bad manners and the rewards and responsibilities of being conscious of others' comfort zones. I also appreciate that the book is divided into small chapters which gives children great practice in graduating from images to analytical thinking while reading. That, for me is way more important than teaching our children that people don't pass gas, or burp at inopportune moments. As a parent, I have instilled in my child

what society's "rules" are about what is considered rude or inappropriate. Reading a funny book is not at the top of my list of something to be overly concerned about. I'm more excited that I only mandated he read one chapter to me, yet he read all five chapters in one sitting. Good read...

Like the monster, I also have a particular talent with cutting the nastiest, stinkiest farts known to mankind. I've got to be careful because my farts are dangerous. I don't want to accidentally give my mommy a heart attack (or fart attack). It is good to know that marshmallows help, but the author didn't say how the monster used them. Perhaps as corks? Yeah, I'll try that.

Child was really.. really laughing... It was fun to hear the child giggle. The third story kinda builds up to the monster farting and it seemed to be really fun for our family.

My 4-year old grandson loved this one. He laughed a lot and now we talk about our imaginary monster and credit him with certain things, too. This is just fun.

My granddaughters love this book. They particularly enjoyed it when I substituted the of the monster 'Lenny' with Grandpa and sometimes call Grandpa "lenny' when the timing is right-if you get my drift. LOL

My grandsons, 5 and 8, couldn't get enough of this book! We read it over and over during their visit. They laughed and giggled and enjoyed it to no end. The descriptions of the characters and actions were so accurate you were right there in the story. We also bought the other 2 books in this series and they were just as highly received as this book.

I read the book to my kids as a bedtime story. They thought it was so funny that the monster keeps getting Zach in trouble. Would love to read more books that Kate has written.

Made my 6 year old grandson laugh and he went to bed without an argument. What else could one want
