Customer Reviews

This is an absolutely stunning book of photography. The work is beautiful and inspired, both the writing and the photos. A very bare bones, moving experience.

This is an amazing collection. Explicit photos and top of the line production quality. I enjoyed how the chapters and photographs were presented. The introductions do a great job explaining to the reader what they are about to see and they should not be skipped. The first four sections (labeled Dyke, C*unt, Butch and Sex) carry a huge spectrum of images from the lovely to the not so lovely, from the sensual to the outrageous. I can't imagine the editors believe all the images would appeal to all the readers so I chose to enjoy what I found appealing, study those I didn't and move on. I initially bought the book as it has a wealth of material by the artist Tee A. Corinne and devotes 8 pages to her and another 5 of her images are carried in other sections. The other major artists profiled are

Honey Lee Cottrell, Della Grace, Morgan Gwenwald and Jil Posener. I especially enjoyed the sidebar that accompanied many of the pages 'Behind the Camera: Interviews with the Artists'. The candid replies by the artists made for exceptional reading. The topics: Family Coming out Feminist politics Camera S/MSchool days Lesbian porn First picture, first camera Shooting sex Cruising Femme Money and fame First dirty picture Censorship Lesbian erotica The art world

I bought this book as a gift for my girlfriend. I was looking for a book of photos; something like a coffee table book and this was perfect! The images captured are fantastic and the subject matter is raw. It is not just pretty pictures of mainstream stereotypical beautiful girls. It has pictures of gorgeous women from all walks of life- femmes, dykes, heavy, small, perfect, scarred, soft and hardcore. I was impressed and she LOVED it. I highly recommend it for those who appreciate the real deal and love artistic expression.

Lots of queer history and photographs. Explicit and raw, no holding back. Will enjoy looking through it more thoroughly.

Shows the many ways in which Lesbians and Lesbianism has evolved. Inspiring, beautiful, artistic, and erotic! A great appreciation of the female body, in every form imaginable!

Wow. Yeah that's all I can say. The edition I received was still wrapped in the original plastic and was in excellent shape.

Timeless.

This is an interesting and informative selection of photographs of Lesbians. Some are rather abstract; others are more conventional in their lighting and perspective. Actually, I find some of the photos so interesting that I am going to excise them and have them mounted. I will purchase another copy for reading and notation.
