## Customer Reviews

My daughter is using this to collect family recipes.

Really nice book.

Great book!

easy to use

I looked for ages for a good blank cookbook. The quality and price are amazing and I LOVE the style- modern but not so trendy that it'll go out of style. This is something I want to fill in and pass

along to my kids.

This is a great product! it's a great gift for mother's day or for any loved one who loves to cook and stay organized. I like how all the sections are neatly organized and that each section contains an index. It's convenient because you can write each of your recipes for a specific section in the index plus the page numbers. This makes it very easy to navigate. The color coding on the sides for each section also helps me find my recipes faster. My only complaint is that in each section you can only write 9 recipes. (Ex. for the main courses you can only write 9 recipes, for beverages, only 9, etc.) Luckily, there is a "more recipes" section, so that makes an additional 9 extra pages where you can write; in case you run out of room in other sections. I just wish it contained more than just 9 because i want to pass this book onto my children, then my grandchildren. If it had more pages then I would be passing on more than enough recipes.

Great blank journal for the price. I like how it's organized into sections (mains, desserts, etc) with extra space at the end for any recipes. The folder to hold recipe cards inside the back cover is a nice touch. Great quality for the price.

This was for my Granddaughter and she absolutely loves it. She is just getting started with cooking and such, so she will really enjoy keeping track of her Mom's and Nanny's good recipes. JB-MV
