A Storm Of Witchcraft: The Salem Trials And The American Experience

Synopsis

Beginning in January 1692, Salem Village in colonial Massachusetts witnessed the largest and most lethal outbreak of witchcraft in early America. Villagers - mainly young women - suffered from unseen torments that caused them to writhe, shriek, and contort their bodies, complaining of pins stuck into their flesh and of being haunted by specters. Believing that they suffered from assaults by an invisible spirit, the community began a hunt to track down those responsible for the demonic work. The resulting Salem Witch Trials, culminating in the execution of 19 villagers, persists as one of the most mysterious and fascinating events in American history. Historians have speculated on a web of possible causes for the witchcraft that started in Salem and spread across the region - religious crisis, ergot poisoning, an encephalitis outbreak, frontier war hysteria - but most agree that there was no single factor. Rather, as Emerson Baker illustrates in this seminal new work, Salem was "a perfect storm": a unique convergence of conditions and events that produced something extraordinary throughout New England in 1692 and the following years, and which has haunted us ever since. Baker shows how a range of factors in the Bay colony in the 1690s, including a new charter and government, a lethal frontier war, and religious and political conflicts, set the stage for the dramatic events in Salem. Engaging a range of perspectives, he looks at the key players in the outbreak - the accused witches and the people they allegedly bewitched, as well as the judges and government officials who prosecuted them - and wrestles with questions about why the Salem tragedy unfolded as it did, and why it has become an enduring legacy.

Book Information

Audible Audio Edition

Listening Length: 12 hours and 30 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Audible Studios

Audible.com Release Date: January 6, 2015

Whispersync for Voice: Ready

Language: English

ASIN: B00RW1AEXI

Best Sellers Rank: #90 in Books > Religion & Spirituality > Other Religions, Practices & Sacred Texts > Demonology & Satanism #100 in Books > Audible Audiobooks > Nonfiction > Law #222 in Books > Law > Legal History

Customer Reviews

I was fortunate enough to have met Mr. Baker when we were seated beside each other at the Boothbay Harbor, Maine Book Fair. I was immediately drawn to the subject matter of his book because of my love of history. I found his account to be recorded in so much more depth than anything I had previously read and now realize how much this sad event in our past effected our country's early political direction. Ignorance, hysteria, jealousy and greed, I believe, planted the seeds for the the Salem witch hunts and one would hope we could learn from history and never repeat it. This book does much to explain the times and how the events evolved.

Fascinating, well researched and difficult to put down when one starts reading. Recommended to anyone who has an interest or who may well have an ancestor who was touched by this horrific time in our history. I have two ancestors who were accused, one was executed, the other spent a year in prison.

Excellent resource which includes explanations of the outcomes as well as the causes of the outbreak of witch hysteria in 1692. This is a serious book that manages to condense into one medium-sized volume a great deal of information that is not explained elsewhere. Absent the hyperbole of so many other books which pretend to tell the story of the outbreak, this non-fiction may not appeal to those who prefer the hype but I find it to be the best interpretive resource on the subject that has been published in the last decade or two, if not the best of the best ever published. The book does reiterate the events that played out early on so that newcomers to the subject may need no other introduction. Then, it proceeds to interpret the reasons and impact of the outbreak in the context of puritanism in a far better way than I have encountered. A triumph!

I listened to this in my car on my way to work. At times I felt like it was repeating what I already heard. It's well written and some new information.

Well documented and thoroughly researched. Motivations, histories and life stories of the individuals involved are examined in detail to shed light on what may have caused this tragic event. I couldn't put it down.

A very good addition to the recent analyses of the Salem witchcraft hysteria. Baker attempts, with considerable success, to codify all the most recent perspectives and theories out there, and explode

a few myths. Worth adding to your bookshelf, if you're a Salem witchcraft buff, or even if you're not.

Excellent discussion of this tragic history.

Highly recommend this book. Very detailed with tons of mind boggling information. However you will be glad you stuck with it.
