Synopsis

Most College Students and Teens earn minimum wage or below minimum wage. It takes a long time to get higher pay, and sometimes by the time they get an increase in wages, it's still not enough to pay for bills or for tuition. The Secret High Paying Jobs for Students and Teens: Travel, Meet New People, Get Tons of Freebies reveals high paying jobs for youths that most people don't know about. This industry does not require a degree and does not require experience to start. It's a very legitimate job industry that most people are simply not aware of even if you've encountered it several times. It's an Insider's Secret that has been around for years, and has been enjoyed by many and reaping the benefits from it. This book not only shows where you can find these jobs but also how to get these jobs and keep getting them so as to move up in pay scale. Even those who have stumbled upon this industry and have worked a few jobs here and there are don't know how to find more of these jobs and how to keep earning the higher paid ones. The book is a simple step by step guide to getting in to these jobs and getting paid well.
