A Shade Of Vampire 5: A Blaze Of Sun

Synopsis

Welcome back to The Shade... "Of course you know who I am. I'm a daughter of the darkness just as surely as you are his son..." Ever since his brief encounter with Emilia at The Shade, Derek's thoughts and dreams have been haunted with images of the mysterious, beautiful brunette. Plagued with guilt, he struggles to understand why he is so drawn to this dark stranger from his past. When Emilia suddenly appears again on the island, Derek is both terrified and intrigued. But this time, he is determined to involve Sofia and discover who this woman is. If only Derek and Sofia knew, Emilia is a mystery that should be left undiscovered... "Stunning, compelling, amazing... Once you have the book in your possession, you need to come up with an excuse to lock yourself away, take supplies with you. Be prepared to lose a few hours. And most importantly a huge DO-NOT DISTURB sign..." - Purpinkroses Book Corner... "This is one of the most emotional books I have ever read by this author. There was so much going on that you couldn't stop to do anything but flip the page!" - Paranormal Book Fairy... "Each book in this series gets better and better. I'm hopelessly addicted and invested in the story." - Love, Literature, Art, and Reason... “You saved me, Sofia. You rescued me from myself. You gave me room to feel again, to love again, to once again believe in goodness and kindness and the possibility of light even in the darkest of nights. I’ve lived under the shadow of the prophecy about bringing my kind true sanctuary. The cure might be my kind’s true sanctuary, but I know now that it’s not mine, Sofia. Your smile, your heart, your love | You, Sofia, are my true sanctuary.”
-Derek

Just when I think that the previous installment of this series was my favorite I read the next one and quickly proclaim that one as my new favorite! I think it technically happened back in book 1, but I am officially going to accept the title of being a Shaddict! This book had it all, romance, drama, suspense, action and the list goes on and on. I knew with the introduction of Emilia in the last book that she would spell trouble for Derek and Sofia in this one and I was right. There were many moments when I wanted to throw my Kindle because of what was happening, even though I kind of already guessed the story was going to go there, it still didn’t make it any less frustrating to read! It sucked what Derek had to go through but I was confident by now that Sofia and Derek’s love will conquer all and had to hold on to that mantra as the story unfolded. The original vampire or The Elder was a force to be reckoned with and I fear for what he has in store next for these guys and The Shade. With The Shade under the threat of attack from the hunters and other vampire covens alike we find our gang at The Shade struggling to figure out how to deal with everything. I’ve really grown to love this group and how all of these vastly different humans and vampires came together to fight for their home. We got a few new viewpoints in this book, I liked seeing things through Ian and Kyle’s eyes and the little love triangle between them and Anna was very interesting. I wonder if we’ll see more of where that’s going, especially in light of what happens to Kyle in this book. Things with Sofia’s parents also come to a head in this book and I actually found the whole situation quite heart breaking, even despite my feelings towards Ingrid/Camilla. We also got information as to why the blood of an immune is so valuable and sought after and the race to find the cure definitely heated up. It really feels like all of the tidbits from the past 4 books really started to come together in this one! I was very happy with where things were for Sofia and Derek by the end of this book and it was good seeing them enjoying some much needed R&R, however danger is quite literally still lurking in the darkness and I just know that their journey to HEA isn’t quite over yet! But I look forward to seeing

what's going to happen next for these two and the rest of the gang back at The Shade! Because beautiful things, even when they are temporary, still manage to leave a part of their beauty with you| even after they're long gone.

Keep the shade of vampire coming at your readers with multiple twist and turns of supernatural romantic onslaught of awesomeness. I can't say as much because I as a reader cannot put it down . .my two in the mornings are taken its toll. Worthy of the dark romance and supernatural storytelling.

Derek and Sophia's story continues with more intrigue and unexpected happenings. Not only do they have the other covers to worry about attacking them, but the Hunters are trying hard to locate the Shade, and now they find out the Original (vampire) is messing with them too!But the most intense theme of the book is the sanctuary, and is the cure for vampirism it. The plot gets more and more complicated.On to the next book....

Awesome book but prime only lets you borrow couple a month and there are apparaently 80 books in series!!! Yep, good way for to screw you.

I have another favorite Author! I didn't think anyone could compete with Rachel Higginson! Best series of books I've read since I found Rachel Higginson :)Not many books can capture my attention & draw me in. I read because it helps me fall asleep. So if I'm reading during the day it must be a good book! This series is amazing & draws you in from the beginning. I have hated each time I have had to stop reading any of the books. There is always something going on. It's a page turner!! am always sick & can't do the things I used to even though I'm still young(ish). It's a breath of fresh air when I read a good book. I really needed to find another favorite author because I read all of Rachel's books & needed books to read while I wait for her next book. But any books I read in the mean time just never compare to Rachel's. They are always disappointing & I get board to easily & have to make myself finish the book. But not with Bella Forest! I have inhaled this series & also "A Shade of Kiev" which was also Amazing! I have already Pre-Ordered book 11 & can't wait! Luckily I still need to read the "Beautiful Monster" series! I just know I'll love it to! :)Thank You Bella!

I like this book because it keeps you guessing. When I'm done with one book I can't wait to start the next. That being said, when I do start a new book the author recaps on the previous books a little, I

find this boring. I don't want to read about things I have already read, but I keep reading. It's not enough of a deterrent to turn me away, yet.

This installment of Derek and Sofia is just as amazing as the others! Emilia is seductive, conniving and is trying to get what she wants. Derek can't stop thinking about her and doesn't know why. Will he fall into Emilia's trap or will his and Sofia's love be enough to bring him back to her? This book left me on the edge of my seat and completely frustrated for the next one! I can't say enough about this author! She is one of my favorites and will easily become one of yours! Such an amazing series!

I purchased the first 5 books of this series based on the high # stars from other reviewers, and the quotes from other reviewers. I am returning and deleting them. I finished the first one, which was super short and pretty superficial. Sofia and Ben are shallow. Damon falls in love because Sofia holds someone's hand? Anyway, I moved on to book #2. It is gross, and starts with, well, what vampires do to people. It excuses the violence and victims as "what we need to survive". The characters aren't likeable unless you so want to be a vampire's weak victim. There are so many truly good books out there. I can't make myself read this. I read and enjoyed Twilight, the Sookie/True Blood novels, even My Blood Approves series. All of those are so much better than these Shade books
