This book is well-written and presents well-documented info on it's 'peculiar' topic! It definitely dispels any doubts you may have on the efficacy of this under-utilized medical substance-- your own perfect medicine!

This is a great book,very informative.This is one of the best books u should buy if u are interested or thinking about doing urine therapy.She tells her own story of illness an disease she went through.This book instructs u on what to do an what not to do when u get ready to start this therapy.People look at urine as a waste product out of your body,but there is so many nutrients an health benifits to your own urine aka your own perfect medicine.5 star no dout

So far an excellent read, I like the way she writes it's easy to follow and she has many studies noted by the medical community about a therapy that most of us would turn our noses at. Great info and will be enjoying this book for a life time. Thanks Martha Christy!!

easy to read and enjoying this book so far.

Well documented, well researched, vital information

Wow~what an empowering paradigm shift this book is!

I like this book mainly for all the case studies, biochemistry and scientific research. It's helpful to introduce it this way for a lot of westerners, even though I have mainly used it as Shivambu - a powerful spiritual cleansing practice.
