Family Affairs (Secrets Of My Hollywood Life)

Synopsis

The filming for sure-to-be-blockbuster movie *Pretty Young Assassins* has wrapped, and teen movie star Kaitlin Burke returns to life on the set of primetime drama *Family Affair*. After ten seasons filming, she would have thought that she could see it all coming, but with a plotting new actress on set, all bets are off. The new diva, Alexis, makes even Sky seem like a puppy in comparison. Can Kaitlin keep her sane boyfriend, her insane job, and her composure in the face of this new star power?

Customer Reviews

As a Senior Editor at the former *Teen People*, Jen Calonita has interviewed everyone from Zac Efron to Justin Timberlake. Jen's currently at work on a new series called *Belles*, about dueling cousins raised in a privileged southern community, which will debut in spring 2012. She lives in New York with her husband, sons Dylan and Tyler, and chihuahua Captain Jack Sparrow. Jen invites you to visit her online at jencalonitaonline.com

Yep, in this book Kaitlin and Sky both grow up a lot. And just when you think things are going to get settled, they get worse. To me, this is the best book in the series, thus far. Why? Kaitlin has growing pains, but she doesn't have problems with Austin. And Austin is an awesome boyfriend. Better than ever before. And *Family Affairs* is going to go through a lot in this book and it's going to have an interesting denouement.

This is the third in a series of books about a fictional teen tv and movie star and what it's like to be an "it girl." I am an adult who is reading these books along with her 14-year-old sister. I enjoy the books. After she read this one, my sister said she thinks it's the best of the three. I can agree with that. One thing I like is that, as opposed to adult-oriented "hollywood insider" novels, this one shows the perks and strains of being famous and what it's like to be on the inside of the Hollywood machine without throwing in the coarse sex details and the jaded pessimism that comes of living in an image-obsessed, self-oriented society. So, I can recommend it. I give it five stars for being a success in its genre. It's a fun, non-challenging read that will make you appreciate being boring to the tabloids while making you wish you could get the spa visits and free gifts the celebrities get. It's fun.

My fourteen year old daughter received the first book in this series for Christmas and loved it. She has since downloaded the next two on my kindle. I had to wrestle it away from her to read my book. I am making her wait for the fourth book until our trip to Michigan, since she goes through them so fast. So, I would recommend any books for young adults that get them excited to read!

I highly suggest this book. It is heart touching i could put it down. Read this book ir youll be sorry

I like this book bc it was easy to read and just like the movie hahaha it's a great book

My 13 year old daughter is not much of a reader, but really likes this series and has asked me to keep buying each book after she finishes the last one.

It's so dramatic! I fell in love with this series! I think that it is a great book and the story line is amazing!

This is great book the most unexpected happens its just that you buy the next one because it leaves you on a hang nail
